To find your origin postal code, please refer to Shipment Origin (postal code listing) at the top of each page.

To find your destination postal code, please refer to the applicable postal code column on each page.

**Step 2:** Determine how much your package weighs and find your package weight in the appropriate zone on the FedEx Ground rate charts on pages 34 to 37.

**Step 3:** Determine your rate for FedEx Ground service from the FedEx Ground Rate charts on pages 34 to 37 based on your package weight and zone.

**Step 4:** Add special handling fees and other additional charges, if any. See page 44 for a list of these fees and charges.

# FedEx Ground® Multiweight

FedEx Ground Multiweight enables you to combine multiple packages moving from the same origin to the same destination into one shipment — no palletizing, shrinkwrapping, staging or shipment segregation required. FedEx Ground will calculate the rate of your shipment as both individual packages and as one entire shipment, then charge you the lower of the two rates. To qualify for FedEx Ground Multiweight, the total shipment weight must be greater than or equal to 40 lbs. (18.5 kg) with a minimum average package weight of 15 lbs. (7 kg).\*

For more information, visit [fedex.ca](https://www.fedex.ca) or call 1.800.GoFedEx 1.800.463.3339.

## How to Determine Your Rates:

To determine door-to-door rates for your FedEx Ground Multiweight shipments:

**Step 1:** Add the weight of each package to determine the total shipment weight.

**Step 2:** Determine the applicable zone by locating the origin and destination codes for your package(s) on the FedEx Ground Zone Charts on pages 3 to 33.

**Step 3:** Look up the rate per pound using your FedEx Ground Multiweight chart based on the applicable zone.

**Step 4:** Multiply the total shipment weight by the rate per pound to determine the cost of the FedEx Ground Multiweight shipment.

**Step 5:** Add special handling fees and other additional charges, if any. See page 44 for a list of these fees and charges.

# FedEx International Ground™ Multiweight

FedEx International Ground Multiweight enables you to combine multiple packages moving from the same origin to the same destination into one shipment — no palletizing, shrinkwrapping, staging or shipment segregation required. FedEx Ground® will calculate the rate of your shipment as both individual packages and as one entire shipment, then charge you the lower of the two rates. To qualify for FedEx International Ground Multiweight, the total shipment weight must be greater than or equal to 30 lbs. (14 kg) with a minimum average package weight of 15 lbs. (7 kg).\*

For more information, visit [fedex.ca](https://www.fedex.ca) or call 1.800.GoFedEx 1.800.463.3339.

## How to Determine Your Rates:

To determine door-to-door rates for your FedEx International Ground Multiweight shipments.

**Step 1:** Add the weight of each package to determine the total shipment weight.

**Step 2:** Determine the applicable zone by using the U.S. Zone Chart on page 40.

**Step 3:** Look up the rate per pound using your FedEx International Ground Multiweight chart based on the applicable zone.

**Step 4:** Multiply the total shipment weight by the rate per pound to determine the cost of the FedEx International Ground Multiweight shipment.

**Step 5:** Add special handling fees and other additional charges, if any. See page 46 for a list of these fees and charges.

**Additional Information**

---

Dimensional weight may apply to FedEx Ground packages that are 3 cubic feet (5,184 cubic inches or 84,951 cubic centimetres) or larger. Multiply the length by width by height of each package. If the total is 5,184 inches or greater or 84,951 centimetres or greater, calculate dimensional weight by dividing by 166 (if multiplied in inches) or by 6,000 (if multiplied in centimetres). If the dimensional weight exceeds the actual weight, charges may be assessed based on the dimensional weight. If the package measures less than 5,184 cubic inches or 84,951 cubic centimetres, dimensional weight does not apply and charges will be assessed based on actual weight.

**Drop-Off Savings**

Save the \$6 weekly pickup fee by dropping your FedEx Ground packages off at select FedEx World Service Center® locations.\*\*

**FedEx Ground® Call Tag** service is not available for FedEx International Ground™ shipments from Canada.

**Goods and Services (GST) Information**

The Goods and Services Tax is charged on applicable net freight costs, special handling fees and surcharges. Please note the Provincial Sales Tax (PST) and GST are additional and will appear on your invoice if they apply.

**Harmonized Sales Tax (HST) Information**

Please be aware that if you ship to Nova Scotia, New Brunswick or Newfoundland, you are required to pay the Harmonized Sales Tax (HST) on the freight charges and any applicable special handling fees or surcharges. The HST replaces the Goods and Services Tax (GST) and the Provincial Retail Sales Tax (PST).
