

FedEx Ship Manager™ Lite makes shipping easy

You want to organise your shipments as quickly and as simply as possible. We have developed FedEx Ship Manager™ Lite to meet your exact needs.

It's quick

Just four simple steps let you organise, check, book and track your shipment right through to final delivery. No login or registration are required.

It's easy

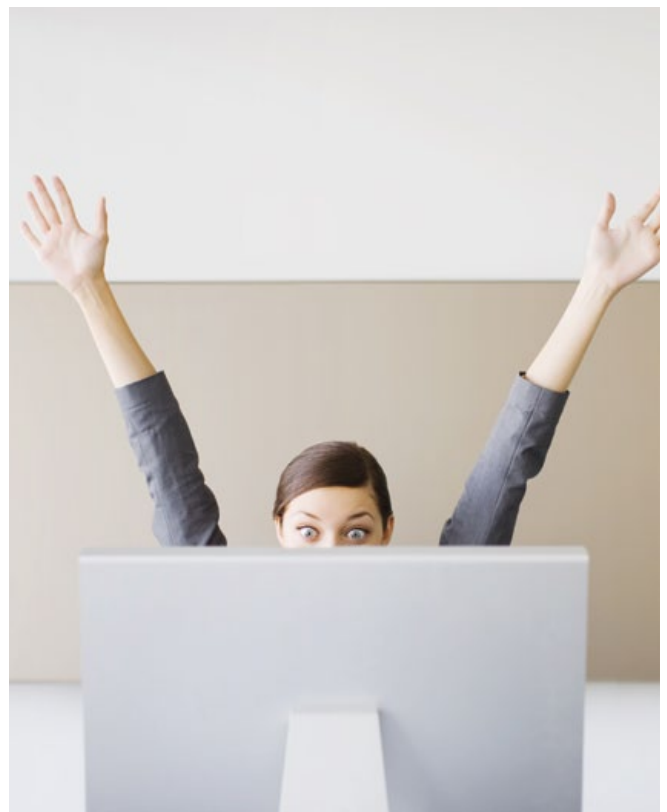

- Nothing changes. Consignee, shipment description and other entries are exactly **the same as for manual (Air) Waybills**. Except online it's faster, simpler, easier.
- Online (Air) Waybill preparation and shipment booking procedures are intuitive and easy to follow.

It's efficient

Up-to-date rates, services and transit time options let you choose the most cost-effective service at any time.

It's reliable

- Full on-screen shipment summary lets you **quickly check** or amend all your delivery needs before confirming them to FedEx.
- Online shipment booking and checking system reduces paperwork, saves duplication and eliminates errors.
