Fast and efficient heavyweight shipping
At FedEx, we develop freight solutions to meet business needs. For product launches, rapid replenishment or delivering spare parts to minimise production downtime, we can ensure fast transit times. And because we manage and monitor shipments to the level you require, you have control and peace of mind.

Better for your customers and better for you
We’re ready to meet the requirements of any industry, helping you maintain an efficient and responsive supply-chain system. Choosing the right shipping partner works for your bottom line too: delivering goods in perfect condition and on time enhances your customers’ loyalty and helps you win more sales.

Specialist solutions, customised to suit you
We’ll get your heaviest shipments where they need to be – safely and reliably

Five good reasons to choose us

Global experience
Access to the largest cargo airline in the world and an unrivalled global network with over four decades of exceptional shipping knowledge.

Flexible and reliable
We can meet your specifications regardless of your budget, time restrictions, the nature of your industry, or the size of your organisation.

Customisable options
From urgent deliveries, to cost-effective economy options, to carrying sensitive shipments – we have solutions to suit every demand.

Visibility and tracking
Round-the-clock support for high-value shipments, plus personalised notifications and 24-hour tracking for security and reassurance.

Simple to use
Simple pricing, easy access to detailed information, and fast booking.
Global experience

You get access to the largest cargo airline in the world. With unrivalled global coverage and over 40 years of international freight shipping experience, we offer an exceptionally reliable service.

**Coverage**

FedEx International Priority Freight

We ship freight to 130 destination countries and from 118 origin countries

**Capability**

Shipping freight with FedEx gives you access to a fleet of 658 aircraft managed by highly skilled logistics specialists with state-of-the-art IT systems at their fingertips.

**Network**

**European road and air network**

We deliver to over 50,000 postal codes across Europe

Our strong European network, in the air and by road, gives you access to 300 intra-European flights every week, 46 airports and more than 5,000 vehicles.

**Capacity**

Our varied fleet of aircraft includes B777F cargo jets. Each B777F has a freight capacity of 81 tonnes and they are among the greenest, most efficient planes in the world.*

**Large cargo capacity – for your biggest shipments**

FedEx B777F – built for your freight

Flexible and reliable

Our solutions mean you can choose the service that meets your budget and time constraints.

For less urgent shipments

**FedEx International Economy® Freight**

FedEx International Economy Freight is our day-definite, worldwide freight solution with great features for an economy budget.

This cost-effective shipping choice gives you the streamlined reliability of a single carrier and the ability to reach most destinations worldwide in three to seven days. You can avoid the frustrations of using multiple carriers, and plan better, so you and your customers can tighten production schedules and minimise the need to hold safety stock.

More on our services

**Packing requirements**

Each package must be pallet-stackable, blister-packed and/or wire-banded.²

**Booking**

All FedEx Express Freight services must be booked in advance. To book, call the FedEx Express Freight hotline on 01806 757 777.³

When timing is crucial

**FedEx International Priority® Freight**

Our decades of experience mean we have an in-depth understanding of your supply chain. And we know that, for many industries, accurate timing is essential.

FedEx International Priority Freight is our time-definite, customs-cleared service.

**Transit times are between one and four days, including a next-day overnight service to the US.¹**

- Mix-and-match gateway options and consolidation methods

Value-added services

Shipping dangerous goods
Benefit from more than 30 years of experience in handling dangerous goods. We know the regulations, have dedicated storage facilities on the ground and in the air, and we understand your industry’s logistics needs. Read more >

Temperature control
Our On Demand Care service maintains conditions for your temperature-sensitive shipments, providing dry ice and gel-pack replenishment for non-food items.* Read more >

Advanced monitoring
Monitor humidity, temperature, light levels and location in real time. SenseAware devices are placed in shipments to give you greater security. They feed back via the online app so you can request action when necessary. Read more >

Electronic trade documents
Speed up customs clearance by submitting your customs documentation electronically. It’s quick and easy. Read more >

* This service is not available in all locations. Please check with your personal account executive.
Visibility & tracking

Our state-of-the-art solutions give your business the knowledge to work at its best and reassurance when you need it most.

Fast tracking at your fingertips

**FedEx Advanced Tracking**

Streamline and accelerate your business processes. Our powerful tracking tool lets you see inbound, outbound and third-party shipments in a single view, in real time. Customise how you search, report, view and organise your shipments and choose from an extensive range of notification options. [Read more >]

Expert monitoring by our analysts

**FedEx Priority Alert**

We monitor your high-value, mission-critical or temperature-sensitive shipments so you don’t have to worry. One of our global analysts provides round-the-clock support and advanced monitoring, plus priority boarding. You’ll get personalised notifications in the event of a delay. And, when necessary, customised package recovery. [Read more >]
