New Resources

Go to fedex.com/server to learn more about FedEx Ship Manager Server and how integration with your existing business systems can make shipping around the world faster and easier. This new business site will provide you with online developer resources along with feature and service information.

	Software Fixes in FSMS 13.0.5	Defect ID
1	If you send in Sender Tax ID Type Tag 1352 = E for EIN, it still prints "ex-EORI" on the label. If you send in Recip Tax ID Type Tag 2448 = O for EORI, "EIN/VAT" prints on the label.	295627
2	A column on the OP950 (FedEx Ground hazmat certification report) is missing a DOT value or required information.	306517
3	Intra Canada FedEx Express shipments with Service type "Express Saver" and Packaging type as other than 01\02\06 is successful instead of failing.	307259
4	For Commercial Invoice reports, some default digital letterhead and signature are displayed in the report when we give non existing image path.	307742
5	Radioactive label type and package dims are not printed in 1421C report when over pack flag is used.	307748
6	CSI value is not printed in 1421C report when two or more radioactive dangerous goods are used.	307754
7	FedEx Freight label copies configured under label settings are not passing in JCLS request.	307818
8	Encountering error while processing 070 Transaction with report code Tag 1373 value 040 (FedEx Express 1412C).	308016
9	Intra India shipments are not giving an error message when mandatory fields are not provided.	308018
10	Facing issue with FedEx Express domestic and international EodTransOut file.	308178
11	From the FSMS configuration screen "add new meter" option, a meter numbers with leading zeroes to form a full 9-digit meter number initially displays sender data from the master meter instead of the downloaded profile.	308422
12	"Express Domestic/International List Rates are not available." warning message is returned even when "DISCOUNT" and "DISCOUNT & ALTERNATE" rate options are selected for FedEx Express in the configuration screen.	308514
13	020 dry ice shipments are successful when shipment weight and dry ice weight are equal.	308811
14	Intra UAE rates are not returned when performing 025/125 rate only shipments, rates returned for 020/120 shipments.	309085
15	Intra UAE shipments are returning a communications error when rate only shipments, i.e. Tag 1234 as "1" or "3" in 020 transaction.	309087
16	Few (holiday delivery, Sunday delivery etc.) special service surcharges are not returned in 025/125 Intra India shipments.	310434
17	FedEx Express MPS COD shipments are returning wrong Form IDs for child shipments.	311094
18	FSMS version 13.0x and higher produces a large number of file handles on the FedEx OpenShip service causing resource constraints - where FedEx OpenShip (or all services) needs to be restarted.	312059
19	Intra Country-CA option under IATA DG VALIDATION is not enabled through 070 meter query.	312263
20	Dims are not handled correctly in FedEx Express single shot MPS shipments causing erroneous, oversize charges.	312333
21	FedEx Ground list rate and MTW rate.	312526
22	ETD identifier is not being encoded in 2D barcode for CRNs in a FedEx OpenShip MPS ETD shipment.	312573
23	Silent delta on Win2008 64 bit server -- Arial Narrow and Arial Narrow Bold True Type fonts are removed.	312584
24	FedEx OpenShip service is crashing when a shipment is processed with COD Add Freight Charges Flag (Tag 186) with rating option selected as "DISCOUNT" or "DISCOUNT & ALTERANATE" underground options.	312610
25	IDF shipment with incorrect dim weight unit of measure.	312611
26	CollectionAmount in hourly upload file for Intra IN COD shipment is populating as "USD" instead of "INR".	312612
27	Configmanager xml file gets corrupted and version details will be defaulted under <install>.	312620
28	Upgrade scenarios leave ZIPBAK as the current URSA file in use.	314094
29	Ship to section printed on HAL IPD\IED\IDF shipment label is incorrect.	314226
30	Version details wrongly updated as 13.0.4.	314551
31	Script is not executing successfully after upgrade from CD or deltas.	314690
32	Silent upgrade from 13.0.4 DSMS Delta upgrade to 13.0.5.09 is failing.	314973
