FedEx Office Web Services
Developer Test Key Enablement Request Form

This request form is needed to activate FedEx Web Services for Office and Print (document printing). If you are wanting to use only the Shipping Web Services, this activation request form is not required.

Please complete all of the fields below.

Company Name

Address

City **State** **ZIP Code**

Company Phone **Corporate Web Site**

First Name **Last Name**

Contact Number **Email Address**

Developer Test Key

Check appropriate:

☐ **Corporate Developer**
An employee of the company for which you are developing this application.

☐ **Consultant Developer**
You have been hired by another company to develop this application.

Which Web Service(s) do you intend to use?

☐ **Office Order Web Service**
Designed for companies seeking to manage the customer's end-to-end print purchase work flow by sending orders directly to FedEx Office for fulfillment.

☐ **Print Online Web Service**
Designed for integrators seeking direct document upload capabilities combined with our rich, step-by-step order interface that makes it easy for the users to complete their order within FedEx Office Print Online portal.

Please briefly describe your company and your company's intended use of FedEx Web Services for Office and Print.

I understand and agree that any orders placed via the FedEx Office℠ Print Online application in association with any use of my FedEx Web Services for Office and Print integration solution - including the testing, troubleshooting, certification, or general use of the solution and regardless of whether "test" or "production" credentials are employed - will be considered production (live) orders. I further understand and agree that any such orders will be received, fulfilled, and billed accordingly by FedEx to the purchaser of record.

◯ I AGREE ◯ I DISAGREE

E-mail the completed request to officewebservices@fedex.com

PLEASE NOTE
This form is not needed to activate Shipping related Web Services.
