

FedEx Priority Alert™ Tape Application Guide

The application of the **FedEx Priority Alert tape** is described in the FedEx Priority Alert Program Agreement. Apply the tape to each piece of your shipment (package or freight) as described below. Do not obscure the shipping label, other labels or placards attached to the shipping container.

Preferred

Wrap the FedEx Priority Alert tape around all 4 sides of each piece in your shipment. This applies to both package and freight pieces.

Acceptable

Wrap the FedEx Priority Alert tape around at least 3 sides of each piece in your shipment. This applies to both package and freight pieces.
