If FedEx Express Lithium Battery Section II Label is used:

7a. | Shipper must be on the FedEx Express UN3009 Section II pre-approval list. [FX-10] |
7b. | A correctly completed IATA Lithium Battery Label must be on the package. [7.8.4] |
7c. | Package is free of damage, and labels may be used. (FX-7; FX-11) |

The following must be correct on the declaration and package:

8. | (Refer to IATA DGR 8.1.6.9.1 for allowed sequence on declaration only.) |
9. | UN or ID number preceded by prefix ‘UN’ or ‘ID’ is on the declaration and marked on the package. [8.1.6.9.1; 7.1.5.1 (a)] |
10. | Proper shipping name, including technical name in brackets or the word “SAMPLE” for entries, are on the declaration and marked on the package. [4.1.2.2; SPA140; 6.1.6.9; 7.1.5.1 (a)] |
11. | Shipper and consignee name and full address are on the declaration and marked on the package. [8.1.6.1; 6.1.6.2; 7.1.5.1 (b)] |

On the Declaration Only:

Tracking number of departure and destination may be corrected by shipper or operator. Dangerous goods cannot be shipped to or from the U.S. as per 49 CFR 172.204. Each item must be marked with the UN number, proper shipping name, and UN rating. Labeling is applied by the shipper. 

All references are from the IATA Dangerous Goods Regulations/51st Edition/2010. The words “packaging” and “package” are used interchangeably throughout the document. The word “package” corresponds with the packing group on the label. If required by State or Operator variation, the Competent Authority statement must be on declaration and on the package. If the word “package” follows the quantity shown in Column J or L, the gross weight of the completed package does not exceed the lowest applicable gross weight. [5.2.0.2.1] |

Toxics (Division 6.1) Primary or Subsidiary Risk: [FX-02; 2.9.4] |
52a. | Cryptogenic liquid handling label required. [7.2.4.3] |
52b. | The words “DO NOT DROP - HANDLE WITH CARE” on the package. [7.1.5.1 (g)] |
52c. | “KEEP UPRIGHT” on the package. [7.1.5.1 (g)] |
52d. | Orientation labels (Up/Arrow) must be affixed. [7.1.5.1 (g)] |
52e. | Instructions to be followed in the event of emergency, delay, or if the shipment is unclaimed. [7.1.5.1 (g)] |

Infectious Substances (Division 6.2) Labels not more than 50% smaller than standard size may be used. |
55. | If UN 2499, technical name or “selected category A infectious substance” in brackets following the proper shipping name on the declaration. [A140] |
56. | The name and telephone number of a person responsible for the shipment on the declaration and on the package. [7.1.5.1 (g)] |
57. | Special Provision 2A (Continued): [FX-13] |

Limited Quantity or LTD QTY
40a. | “Limited Quantity” or “LTD QTY” is in the Authorization Column on the declaration when the package is shipped as a Limited Quantity (LTD QTY). [7.1.6.3.1; 7.1.6.3.2] |
40b. | “Limited Quantity” or “LTD QTY” is marked on the package (not required for overpacks). [7.1.4.1; 7.1.5.3] |
40c. | Gross weight of packaging must not exceed 30 kg. [8.2.4.2.1] |

Explosives (Class 1) If 023 air ways, requires FedEx pre-approval. [FX-01]
41. | Shippers of Fireworks 1.4G and Fireworks 1.4S must be on the FedEx Express Fireworks pre-approval list. [FX-04]
42. | If required by State or Operator variation, Competent Authority approval attached and/or approval number indicated on DGD, or marked on the outer package, or both. [8.1.6.9.4] |
43. | Primary hazard label for explosives includes the Compatibility Group letter. [7.2.3.3 (b)] |
44. | The net quantity and gross weight are on the package (in metric units). [7.1.5.1 (c)] |
45. | If Packing Instruction 101, Competent Authority statement must be on declaration. [6.1.1.1.3] |

Gases (Class 2)
46a. | If a compressed gas, the following labels are on the package: [8.1.6.12] |
46b. | The word “GAS” must be placed on the package. [8.1.6.12] |
46c. | Net quantity or gross weight must be shown in Column J or L. [8.1.6.14] |
47. | 24-hour emergency response telephone number if required by State or Operator variation. [8.1.6.14] |
48. | Shipper’s name plus name and address of consignee. [8.1.6.2] |
49. | If UN 1966, UN 1928, or UN 2031, Acid concentration is 40% or less and indicated. [FX-04] |
