

Service updates due to COVID-19 outbreak | Posted on March 31, 2020

FedEx and TNT are facing increased demand despite the reduced capacity available in the global market due to the flight cancellations by passenger and cargo airlines. There are also new developments on local regulations related to COVID-19 containment. Those situations result in network changes and temporary service adjustments for FedEx Express and TNT shipments as outlined below.

Please note that the information is subject to change without notice due to the dynamic nature of the situation.

Signature suspension for delivery

For the safety and well-being of our couriers and customers, FedEx and TNT signature guidelines are temporarily adjusted for all shipments within APAC with some exceptions. In efforts to minimize physical interactions, our couriers will now only seek verbal confirmation of delivery for most shipments. This means that your recipients will not be asked to sign for most deliveries, until further notice.

Temporary service suspension and restrictions
