

FedEx Invoice Format – Key Changes

Background

We are introducing **Customer Account Level Charges**, which are fees directly applied to a customer's account.

These charges may or may not be explicitly linked to specific transportation activities or Air Waybills (AWBs). They are classified under the broader category of **Non-Transportation Charges (Express Related Charges)**, which includes both **Retail Charges** (e.g., pickup fees) and other **Customer-Level Charges** (e.g., overage or deficit fees).

Highlights

- A. Introduction of a new invoice format for non-transportation charges
- B. Aligned with standard freight invoice layout
- C. Charges clearly itemized with amounts
