## Insulated Wire, Cable and Optical Fiber Worksheet

### Winding wire

- |  |              |
|--|--------------|
| <input type="radio"/> Of copper, 33 AWG (0.18 mm in diameter) and finer                        | 8544.11.0020 |
| <input type="radio"/> Of copper, 22 AWG (.643 mm in diameter) and finer but larger than 33 AWG | 8544.11.0030 |
| <input type="radio"/> Of copper, larger than 22 AWG  | 8544.11.0050 |
| <input type="radio"/> Not of copper  | 8544.19.0000 |

### Coaxial Cable and other coaxial electric conductors

8544.20.0000

- ☐ If yes

### Ignition wiring sets and other wiring sets, of a kind used in vehicles, aircraft or ships

8544.30.0000

- ☐ If yes

### Other electric conductors, for a voltage not exceeding 1000V

#### Fitted with connectors

- |  |              |
|--|--------------|
| <input type="radio"/> Fitted with modular telephone connectors   | 8544.42.1000 |
| <input type="radio"/> Fitted with other type of connector, of a kind used for telecommunications   | 8544.42.2000 |
| <input type="radio"/> Extension cords with a flexible cord incorporating an electrical plug conforming to NEMA (cont) types 1-15P, 5-15P or 5-20P and one or more receptacles conforming to 1-15R, 5-15R or 56-20R | 8544.42.9010 |
| <input type="radio"/> Other  | 8544.42.9090 |

#### Not fitted with connectors, for a voltage not exceeding 80V

- |   |              |
|---|--------------|
| <input type="radio"/> Of a kind used for telecommunications     | 8544.49.1000 |
| <input type="radio"/> Of a kind not used for telecommunications | 8544.49.2000 |

#### Not fitted with connectors, for a voltage exceeding 80V

- |  |              |
|--|--------------|
| <input type="radio"/> Of copper, 601V to 1000V | 8544.49.3040 |
| <input type="radio"/> Of copper, 81V to 600V   | 8544.49.3080 |
| <input type="radio"/> Not of copper            | 8544.49.9000 |

### Other electric conductors, for a voltage exceeding 1,000V

- |  |              |
|--|--------------|
| <input type="radio"/> Fitted with connectors                           | 8544.60.2000 |
| <input type="radio"/> Not fitted with connectors, of copper            | 8544.60.4000 |
| <input type="radio"/> Not fitted with connectors, other than of copper | 8544.60.6000 |

### Optical Fiber Strands

- |  |              |
|--|--------------|
| <input type="radio"/> For voice, data or video communication _____ # of cables _____ length of each cable in meters  | 9001.10.0030 |
| <input type="radio"/> Other, of plastic _____ # of cables _____ length of each cable in meters                       | 9001.10.0050 |
| <input type="radio"/> Other, of a material other than plastic _____ # of cables _____ length of each cable in meters | 9001.10.0070 |

### Optical Fiber Bundles or Optical Fiber Cables with unsheathed or single sheathed fibers

- |   |              |
|---|--------------|
| <input type="radio"/> Of plastic _____ # of cables _____ strands per cable _____ length of each cable in meters     | 9001.10.0075 |
| <input type="radio"/> Not of plastic _____ # of cables _____ strands per cable _____ length of each cable in meters | 9001.10.0085 |

### Optical Fiber Cables with multiple, individually sheathed fibers

- |  |              |
|--|--------------|
| <input type="radio"/> With protective buffer, coating, insulating gel, water blocking or strengthening material _____ # of cables _____ strands per cable _____ length of each cable in meters | 8544.70.0000 |
|--|--------------|
