

Our expertise at your service

Compliance assistance —
everywhere you do business

With our solutions, you have access to experienced trade specialists, extensive resources and powerful tools to help guide you through customs, security and compliance. We provide innovative solutions to help you understand your international trade responsibilities.

Innovative, customized solutions designed to help you navigate international rules and procedures.

Every situation is unique. Whether you have classification questions or a complex compliance situation, our experts will work with you to develop a solution to meet your specific business needs.

Ship confidently to the United States

Navigating international trade rules and procedures, including duties and taxes, export compliance, and customs bond requirements, can all be confusing.

At FedEx, we recognize that business owners want to focus on growing their businesses, especially in the United States. Acknowledging this, not only do we offer a variety of FedEx products and clearance models to facilitate seamless shipping to the United States, but we also provide a host of advisory and support services through our FedEx Trade Solutions to guide you through the complexities of international trade. It is like having a dedicated expert on your team who knows all the ins and outs of importing and exporting to and from the United States!

What is FedEx Trade Solutions?

FedEx Trade Solutions is a comprehensive service designed to help you navigate the complexities of international trade. We provide a combination of consultancy, training, and managed solutions to ensure you can efficiently handle all aspects of importing and exporting.

Benefits for your business

Cost savings:

Our solutions help you save on duties and taxes, positively impacting your bottom line.

Risk mitigation:

Stay compliant with customs regulations to avoid costly fines and delays.

Increased efficiency:

Streamlined processes and expert guidance reduce the complexity of international trade, allowing you to focus on your core business activities.

Improved supply chain management:

Solutions like Foreign Trade Zones and Customs Bonds optimize logistics and inventory management, effectively reducing delays and costs. Our Importer of Record (IOR) setup services ensure smooth and compliant imports into the United States, enhancing overall efficiency.

Expert support:

Access to experienced trade specialists who can provide ongoing assistance and advice, empowering you to make informed decisions.

Opportunity identification:

Our services can reveal potential opportunities for growth, such as eligibility for trade agreements or duty recovery programs.

Trade consultation and compliance

- ① **Trade consulting**
Get personalized advice to identify your specific trade needs and challenges.
- ② **Advisory solutions**
Receive targeted guidance for short-term trade issues without long-term commitments.
- ③ **Managed solutions**
Access ongoing support for your trade compliance needs, ensuring you stay on track.
- ④ **Customized compliance training**
Learn about import / export regulations through easy-to-understand training that fits your schedule. Topics include:
 - Product classification
 - Customs duties
 - Best practices for compliance

Export and import assistance

- ⑤ **Export compliance**
Get assistance with export regulations, security, and documentation to avoid costly mistakes and compliance violations.
- ⑥ **Customs bonds**
We help you select and manage customs bonds to ensure compliance and avoid supply chain delays.
- ⑦ **Product classification**
Review and classify products for accurate duty calculations, identifying any overpaid or underpaid duties.
- ⑧ **Foreign Trade Zones (FTZ)**
Receive guidance on using FTZs to reduce import costs and improve logistics, streamlining the import process and managing inventory efficiently.

Programs and recovery

- ⑨ **Government-trade partnership programs**
Get guidance on participating in government programs for compliance, along with support for applications and recertifications.
- ⑩ **Trade agreement programs**
Navigate free trade agreements for potential cost savings, including eligibility determination and certification processes.
- ⑪ **Duty and tax recovery**
Identify opportunities to recover overpaid duties and taxes, with assistance in navigating customs programs for financial recovery.
