Finally, a freight invoicing system that has it all.

Like saving time and effort when managing your invoices? It's time to put less effort into the way you manage expenses with an online solution that is everything you need to pay, receive, review and dispute freight invoices.

Do business your way.

The new FedEx Freight online payment and invoicing option is fast, easy and convenient for both you and your customers. From paying and processing to receiving and reviewing, now you have a more convenient way to manage invoices.

Pay from anywhere, anytime.

Enjoy an easier way to manage and make one-time and recurring payments with multiple payment options including credit cards and auto-pay notifications.

Loads of convenience.

Most importantly, your data and invoices are completely secure throughout the entire process. And, you can sort them by original invoice, Bills of Lading and delivery receipt.
