Our four different delivery options

We have different service options designed to maximise convenience and efficiency

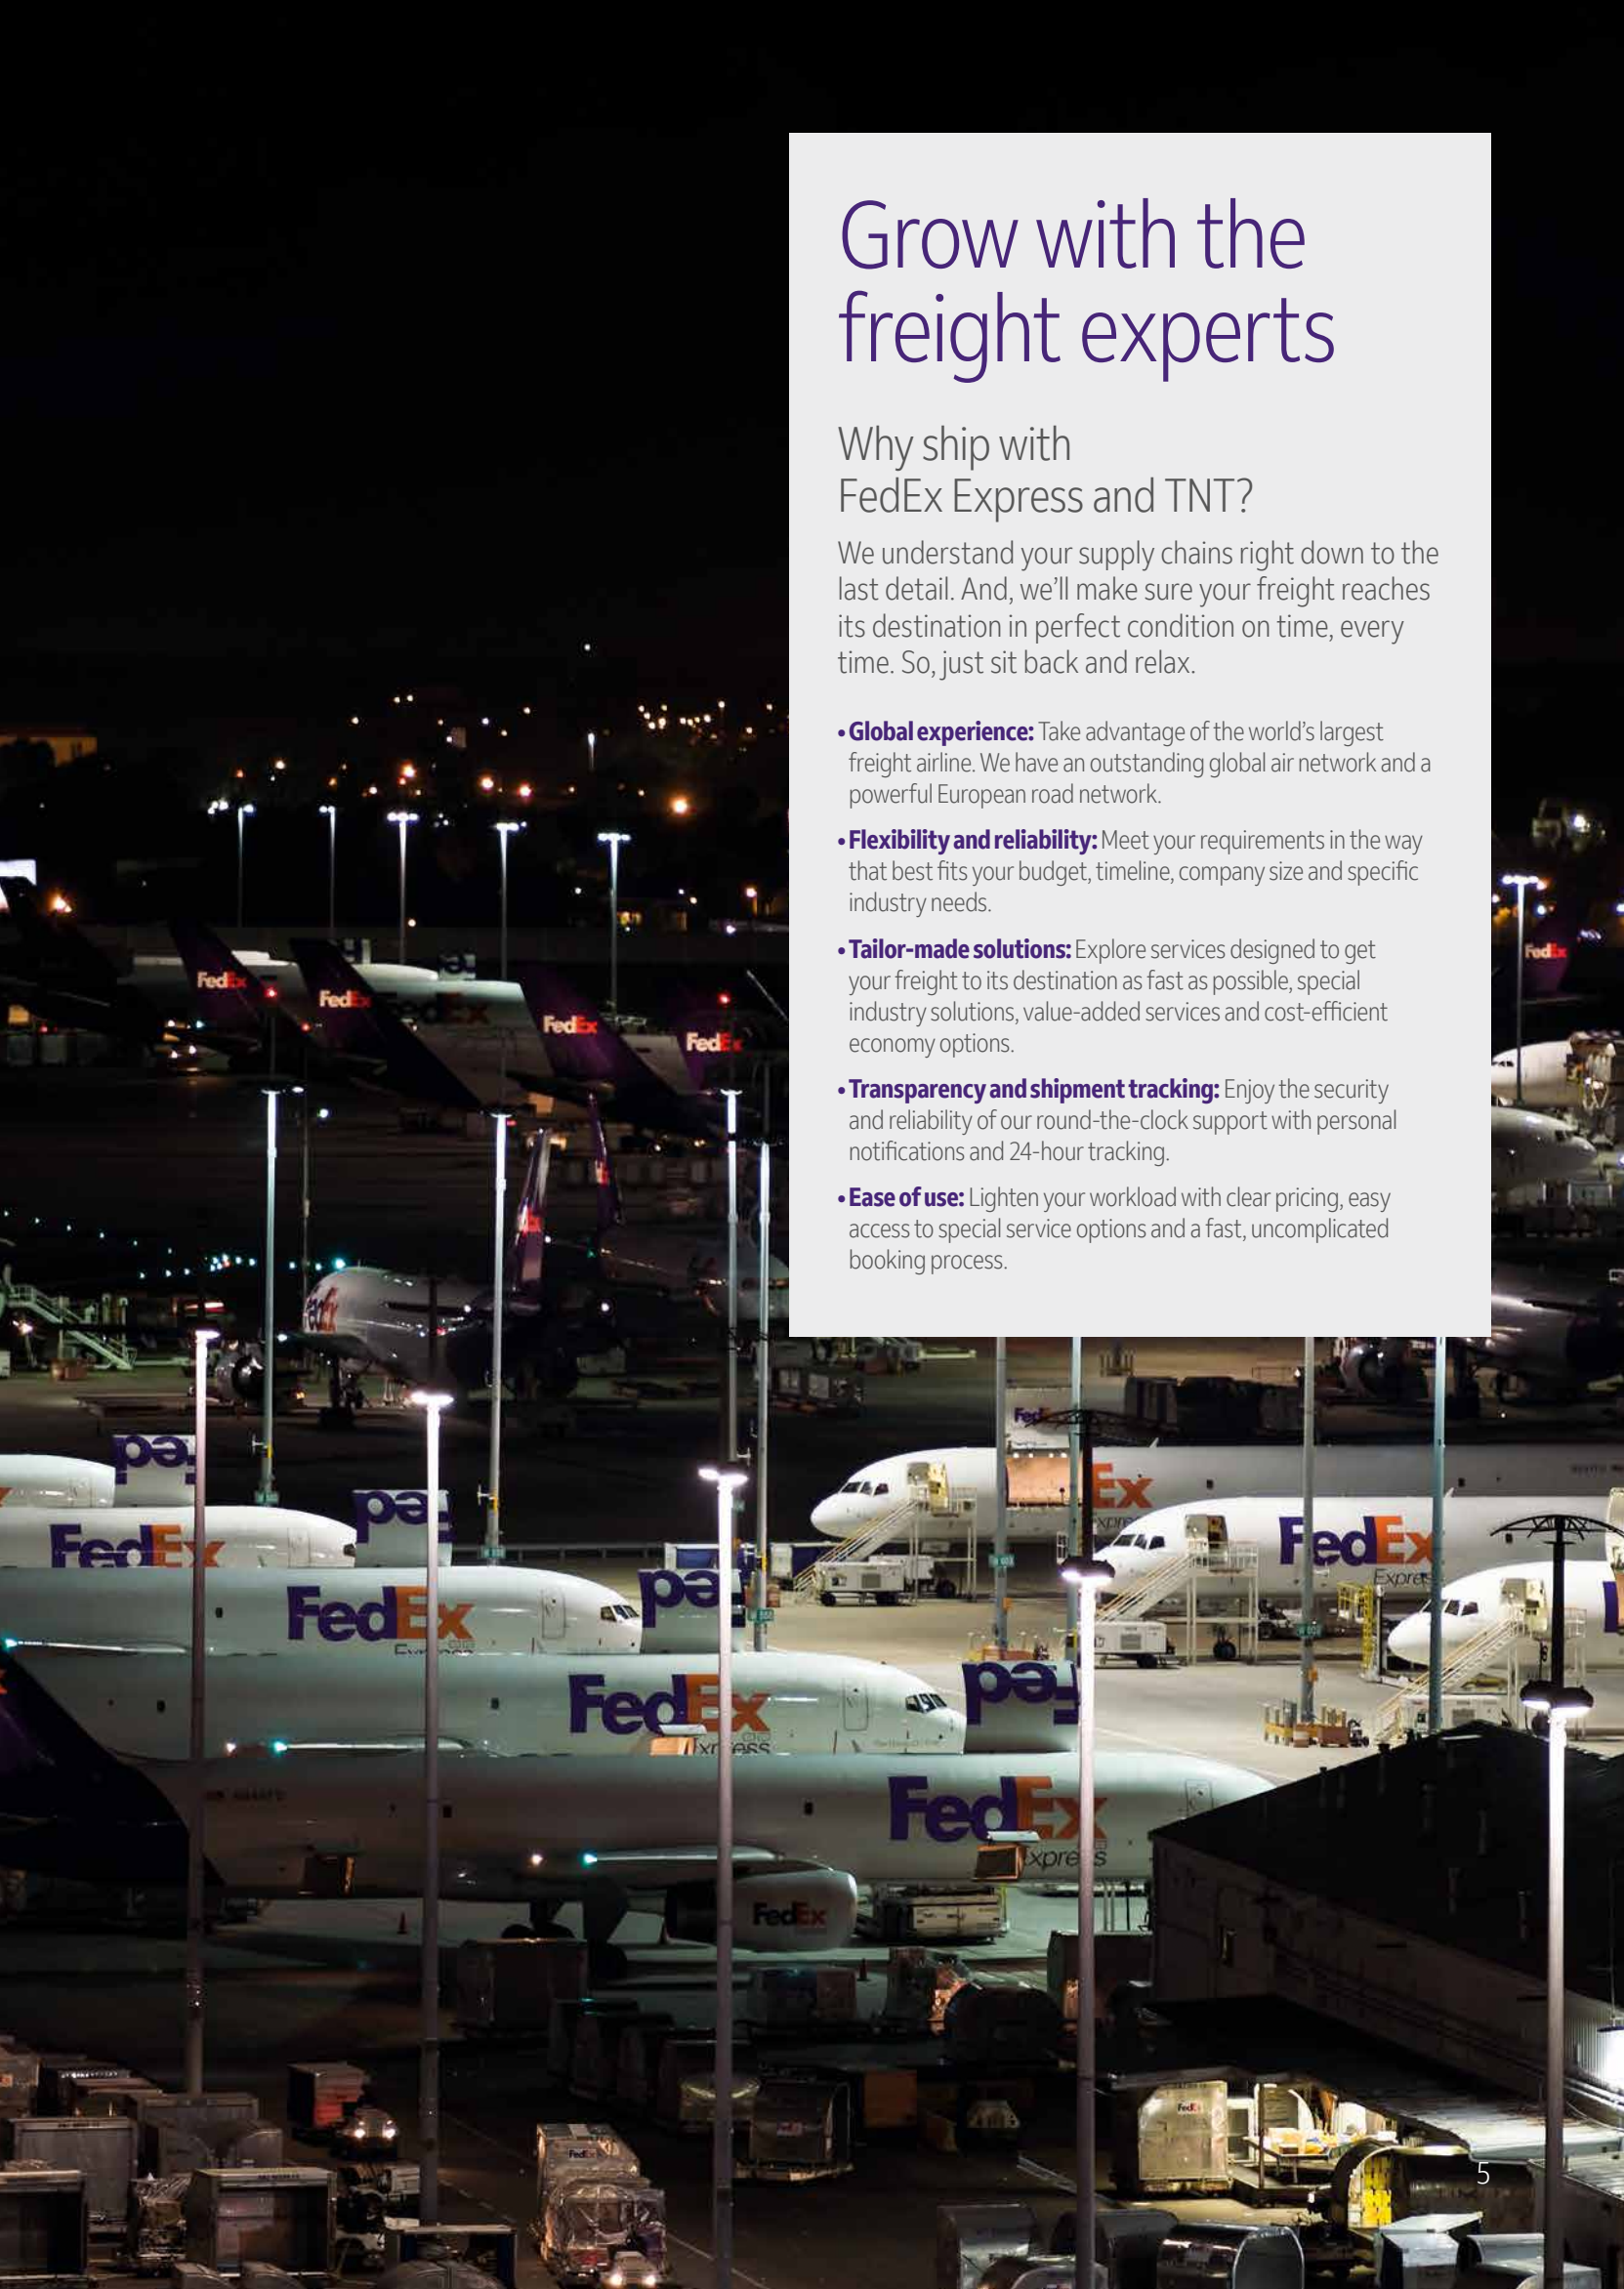

The diagram illustrates four delivery options between a factory (left) and a warehouse (right). The options are represented by horizontal arrows with labels:

- 1. Door-to-airport: From the factory to the first airport.
- 2. Airport-to-airport: Between the two airports.
- 3. Airport-to-door: From the second airport to the warehouse.
- 4. Door-to-door: From the factory to the warehouse.

Icons include a location pin, a factory, a FedEx truck, an airport terminal, an airplane, and a warehouse.

Services for every requirement

Precise timing – for express shipments with a defined delivery time

FedEx International Priority® Freight: Worldwide freight solution with defined delivery time slots; 1 to 4 day transit times; next-day service with delivery on the next working day in the U.S.¹

Transit times are between 1 and 4 days, including a next-day overnight service to the U.S.¹

From/to Germany	Export transit time	Import transit time
U.S.- Canada	1-2 days	2-3 days
Europe	1-3 days	1-3 days
Latin America	1-3 days	2-4 days
Asia	2-4 days	2-4 days

In many areas we can offer flexible pick-up and delivery options, including at weekends and on public holidays, plus dedicated pick-ups on demand. For details and for bulk shipment options, call your personal account executive.

Economical and reliable – for less urgent shipments

FedEx International Economy® Freight: Worldwide freight solution with specific delivery dates and money-saving options; money-back guarantee; customs clearance included; transit times are 3 to 7 working days for most destinations worldwide.¹

Uncompromisingly fast – when every minute counts

TNT Special Services Direct Vehicle: Direct transport from A to B offers full control for very urgent deliveries on European roads; vehicles to match customer requirements – vans or trucks, with temperature control, fixed side walls, high safety levels, or other features; as full or part load (FTL/LTL); available as national and international service.

TNT Special Services Air Charter: Get your own dedicated aircraft – from a helicopter to a wide-body aircraft. Pick-up and delivery on request; same-day delivery within Europe available; customs clearance included; service available worldwide.

TNT Special Services Next Flight Out: Dedicated pick-up of your freight and shipment on board the next available scheduled flight; customs clearance included; available 24 hours a day, 365 days a year.

FedEx International Priority DirectDistribution® Freight: Worldwide freight solution without detours; shipments from the same sender consolidated and treated as a single unit for transport and customs clearance; direct distribution to various addresses in the destination country; distribution centres bypassed; transit time as FedEx International Priority® Freight plus one business day.

TNT Domestic & International Express: Guaranteed delivery of heavy shipments on the next or next possible working day; delivery before 12:00 noon in important business areas (standard within Germany); delivery options before 8:00 (Domestic only), 9:00 and 10:00 a.m. available. International transit times 1 to 5 working days.

TNT Special Services Special Express: A smart synthesis of individual options and network transport; pick-up and/or delivery of shipments with a dedicated vehicle, allowing for particularly late pick-ups and early deliveries, as well as weekend and public holiday deliveries; transportation via the TNT network mainly overnight; available as national and international service.

TNT Special Services Road Freight: Cost-effective road transport of large and heavy consignments across Europe; speedy pick-up and on-time delivery; designed for all types of freight – including hazardous goods; as full or part load (FTL/LTL).
