

A white FedEx delivery van is driving on a winding asphalt road that curves through a grassy hillside. The van is seen from the rear, showing the FedEx logo in purple and orange, the website 'fedex.com', and the license plate 'PY 72 ES-62'. In the background, a dense urban area with various buildings is visible, followed by a large, flat-topped mountain under a cloudy sky.

FedEx Services

Domestic Services

At FedEx, our commitment is to meet your expectations for speed, reliability and ease of use. With our time-definite, door-to-door, overnight domestic service with same-day pickup serving the whole of Malawi, you can always count on us to get your urgent shipments to their destination on time, every time.

Your Service	Specific features of the service	Your transit time
SDX Intra-city	A dedicated vehicle is dispatched to pick-up your shipment and to lodge the shipment on the next available flight. The shipment will be delivered within two hours after arrival at destination. This service is dependent on availability of flights and is only available between major centers. Contact Customer Service on +265 1 876 672 for Sameday requirements to an outlying delivery area.	Within two hours after arrival at destination
FDX E Early Delivery	The early delivery service will take place between 08h00 and 09h00 on business days to major centers within Malawi. Should an early delivery service be required within or to an outlying delivery area, this can be arranged at an additional cost. A quotation must be requested in such cases.	Next day delivery between 08h00 and 09h00
FDX 1 Overnight Delivery	This service is available throughout Malawi and delivery to major centers will take place by 10h30 the following business day. A delay of up to 24 hours may be experienced on shipments to or from an outlying delivery area.	Next day delivery by 10h30
FDX 2 24-48 Hour Delivery	This service is available throughout Malawi and delivery will take place within 24 to 48 hours after collection between major centers. Certain outlying delivery area routes and major centers may experience a 24-hour delay due to flight availability in certain locations.	1 - 2 business days
FDX 3 48-72 Hour Delivery	This service is available throughout Malawi and delivery will take place between 48 to 72 hours after the day of collection, depending on origin and / or destination. A further delay of up to 24 hours may be experienced on shipments to or from an outlying delivery area.	2 - 3 business days

Surcharges

Security Surcharge

A security surcharge may be applicable to comply with Civil Aviation Regulation 1997, part 108 which requires the security screening of all air transported shipments. An additional surcharge per chargeable kg will be applicable on all air transported shipments via the FDX E, FDX 1, FDX 2 and SDX services.

Documentation and Liability Fee

A documentation and liability fee will be charged on all domestic shipments. The documentation fee provides automatic cover up to R1,000.00 for any physical damage or loss, which is not of a consequential nature, unless a customer opts out of this. In the event that a claim may arise, a formal claim form with supporting invoices must be [emailed](#) to FedEx Malawi office within 3 days of the collection or delivery.

Fuel Surcharge

Go to <http://www.fedex.com/mw> to get updated information on the [fuel surcharges](#) which apply to international and domestic shipments.

Transit times and delivery commitments may vary depending upon exact origin, destination and nature of goods carried. Transit times are noted in business days. Local services may be limited to postal codes only. Please contact FedEx Customer Service for more information.

Packaging Tips

To ensure your consignments arrive on time and in good condition, it is vital you take time to pack and label them correctly.

Do

- Only use rigid cartons in good condition with all edges intact.
- Pack contents in the centre of the carton, cushioned on all sides using polystyrene chippings or bubble wrap. Ensure that items not fitting into cartons or that have sharp edges and protrusions are thoroughly wrapped, with taped corrugated panels or pads.
- If you send liquids, check that the cases are hermetically sealed. For the shipping of fragile goods, we suggest the use of wooden cases and separators inside. Inside the carton, include a document (e.g. business card or letterhead) that carries your address, and both your and your recipient's telephone numbers.
- Tape all seams and flaps well, with pressure-sensitive plastic tape. Tape should be at least 5cm wide, but preferably 7.5cm wide.
- If finishes could be damaged or soiled in transit, place them in a protective container.

Don't

- Don't ship light weight gift boxes unless packed in stronger cartons.
- Don't exceed the weight specifications for your box.
- Don't ship packages smaller than 18cmx10cmx5cm. Instead, pack small items into larger cartons.
- Never use cellophane tape, masking tape, string or rope, and avoid duct tape and kraft-paper tape for sealing.

Measuring Length and Girth

The length and girth formula is simple:
Packages can be up to 274cm in width and 330cm in height and girth combined
(girth = 2 x height + 2 x width)

FedEx Automation Tools

FedEx has developed various tools to help you ship quickly and efficiently. You can use a smart phone, a tablet or a computer to create a label, schedule a pickup, order supplies online, and much more.

Choose from a range of digital solutions and manage your entire shipping process seamlessly.

ETD: FedEx® Electronic Trade Documents

FedEx® Electronic Trade Documents (ETD) is a feature within the **FedEx Ship Manager (FSM)** shipping tool that reduces customs clearance delays by allowing you to submit customs documentation electronically, so you no longer need to print multiple copies. In a world where business moves at the speed of a click, filing important international documents electronically helps you save time, paper and money.

Benefits of ETD:

- Prepare your customs documents electronically.
- Simple and easy to use.
- Reduced risk of customs clearance delays.
- Less paperwork is printed, saving time and money.
- Minimised risk of lost, missing or damaged trade records.
- Quicker pick-up time due to simple process.

Customs authorities require a Commercial Invoice (CI) for all non-document shipments. Entering the information accurately helps ensure swift customs clearance. Please enclose one original invoice along with two copies of the invoice to your shipment, each with an original signature.

The shipper/exporter provides this document to describe the parties involved in the shipping

transaction and the goods being transported. It is the primary document used by Customs. The Commercial Invoice should be prepared in the official language of the country to which the goods are being exported to, when possible.

Your commercial invoice should include the following information:

- Shipper/Exporter details:** add the contact name, company name, full address and VAT number of the shipper.
- Recipient/Consignee details:** fill in the name, address (including postal code and phone number) of the recipient.
- Country of manufacture:** state each country of origin next to each corresponding product, in case the goods were made in more than one country. The country of origin is the country in which the goods were initially produced – not the country from which they are exported.
- Quantities:** show individual and totals columns for:
 - the number of shipments and units
 - the units of measurement
 - weight
- Description of goods:** give a complete description of the item(s). Generic descriptions are insufficient. Indicate:
 - what it is
 - what it is made of
 - what the value of each item is
 - how many/how much items
 - how it will be used

For example, write “10 boxes of stainless steel screws for civil aircraft,” rather than “civil aircraft parts.”
- Specify the currency:** specify the unique three-letter code for each currency (e.g. USD, CAD). The dollar sign (\$) is insufficient, as several countries use it.

Required Signature

Sign and date the Commercial Invoice, certifying that the details provided are true and are correct representations of the contents of the shipment. Ensure that all the information is consistent with the Air Waybill to avoid customs delays of your shipment. It is a requirement to provide one original Commercial Invoice with two copies, all individually signed. We also recommend that you put a copy of the invoice inside one package. Please note that certain commodities may need extra documentation or export licenses.
