

Applicable in Slovakia from **5 January 2026**

Clearance Services and Fees for your FedEx and TNT Shipments

The fees listed on this rate card apply only to clearance services provided in Slovakia and are applicable to both FedEx and TNT shipments.

Note: Your international FedEx shipments may incur additional clearance service fees in the destination or origin country or territory. Please refer to <https://www.fedex.com/en-sk/ancillary-clearance-service.html> to view the clearance services offered per country, which may be applied and invoiced to shippers, consignees, or third-party-based customers.

Service	Fees (EUR)
Additional Entry Line Items A shipment may require additional tariff classification if 1) it has one or more tariff classifications beyond the "Free Lines" limit in the published charges; or 2) An identical commodity was manufactured in more than one country; or 3) Multiple Commercial Invoices tendered to customs require an individual tariff classification for each invoice; or 4) You request a separate line entry for each item in the shipment.	€1.5 per additional line item if over 5 lines
Storage We may assess a storage fee if a shipment remains uncleared in the clearance location beyond the published time limit.	Legal entity: - up to 30 kg: €5/day - up to 125 kg: €15/day - over 125 kg: €50/day Private person: €5/shipment/day
Broker Document Transfer Broker Document Transfer gives you the flexibility to self-clear using your own customs-clearance department or use a Brokerage company other than FedEx to clear an inbound shipment, while we provide all paperwork to you or your selected broker.	€15 per shipment
In-Bond Transit Upon request, we will prepare the necessary transfer documentation and move your inbound shipment from the point of arrival to your specified location if you self-clear or use a Brokerage company other than FedEx to clear an inbound shipment.	€8 per shipment
Returned Goods FedEx can organize the return of your goods that either have temporarily been exported to another country for reasons such as repair, processing, testing, evaluation, trade shows, or goods that are being returned to the country of export in an unaltered state. This allows the importer to claim relief on Duty/ Tax with the necessary proof of export document. FedEx will charge a fee for the service.	€42 per shipment
Post-Entry Adjustment At your request, FedEx will submit an Entry Adjustment to Customs to correct an entry on any previous information you had provided. This may result in a reimbursement of an overpayment of Duty/Tax or may result in an additional Duty/Tax amount owed to Customs, as well as a fee from FedEx.	€20 per shipment

Service	Fees (EUR)
Disbursement Fee We may disburse any applicable duties, taxes and other regulatory charges on your behalf, to ensure timely payment to the customs agency. The payer is responsible for the total amount disbursed, plus an additional fee as published in the charges.	<ul style="list-style-type: none"> • If Duty/Tax 0.01 - €50.00 then Fee is 30% of the Duty/Tax with a minimum of €8.00 • If Duty/Tax €50.00 - €600.00 then Fee is €15.00 • If Duty/Tax €600.00+ then Fee is 2.5% of the Duty/Tax
Clearance Entry Fee FedEx charges a fee for preparing and filing a Customs Entry and supporting documentation to obtain clearance and release of shipments through Customs Agencies.	<ul style="list-style-type: none"> • Shipments with a value over €150: €5.50 • Shipments with a value under €150 (incl.): €5
Customized Service FedEx may provide additional services, such as generating certain reports, opening packages, or labeling packages. FedEx and the customer must agree on an hourly rate before performing this service	€50 per hour, minimum €40 per 30 minutes

All fees are exclusive of VAT. We reserve the right to amend the Customs Clearance services and related fees as we deem necessary with or without notice and in accordance with our Terms and Conditions of Carriage. Please refer to [fedex.com](https://www.fedex.com) and [tnt.com](https://www.tnt.com) for the most updated version.
