- Find the zone that your destination/origin falls within in the relevant Zone Tables.
- Choose which service you wish to use.
- Determine the total weight of your shipment to find the transportation rate in the appropriate column.
- Determine whether any fuel surcharge or ancillary surcharges apply to your shipment.

### € Rate Information

The transportation rates are effective from 7 January 2019. The transportation rates and services offered by FedEx Express may be amended, modified or discontinued by FedEx Express at any time with or without notice. They may also vary depending upon the point of or time of collection or delivery, shipment size or weight or commodity type.

### Duties, Taxes and Additional Charges

Duties and taxes might be due when importing a shipment. These will be billed to the recipient unless otherwise requested by the shipper. FedEx Express may advance these fees as assessed by Customs on behalf of the payer, subject to a fee based on the advanced amount ([fedex.com/be/ancillaryservices/](http://fedex.com/be/ancillaryservices/) or [fedex.com/lu/ancillaryservices/](http://fedex.com/lu/ancillaryservices/)).

In addition to the transportation rates the following additional charges may apply (i) customs duties; (ii) taxes; (iii) a fuel surcharge; (iv) an ancillary surcharge; and/or (v) an additional charge for value added services (if selected). For further information regarding surcharges and additional charges (items iii to v) see [fedex.com/be/ratesinformation](http://fedex.com/be/ratesinformation) or [fedex.com/lu/ratesinformation](http://fedex.com/lu/ratesinformation). All rates, surcharges and other applicable charges quoted exclude any value added tax (VAT) that may be applicable and which would be added to the charges at the rate in force at the time.

For further information, please call Customer Service on **02 752 75 75** for Belgium or **8002 35 55** for Luxembourg.

## Exchange Fee

An additional exchange fee may apply for the conversion of rates in currencies other than the currency in which the payer's account is billed.

## Weight and Dimensions

For FedEx International Priority<sup>®</sup>, FedEx International First<sup>®</sup> and FedEx International Economy<sup>®</sup> transportation rates are based on the total weight of all packages in one shipment using one (Air) Waybill. Any fraction of a kilogram takes the next higher weight.

The following volumetric calculation: Dimensional weight in kg per package = Length x Height x Width in cm / 5,000 is charged when the dimensional weight exceeds the actual weight. It applies to EMEA export and import shipments.

The dimensions of the packages are defined by the features of service. Please refer to the Service Guide available on fedex.com (fedex.com/be/downloadcenter or fedex.com/lu/downloadcenter) for the maximum dimensions. Any package exceeding these standard measurements is automatically considered as FedEx International Priority<sup>®</sup> Freight or FedEx International Economy<sup>®</sup> Freight and billed accordingly.

A minimum billable weight of 68kg applies to FedEx International Priority Freight or FedEx International Economy Freight shipments.

A minimum billable weight applies to shipments packaged in FedEx Express boxes and tubes, except for FedEx<sup>®</sup> 10kg Box and FedEx<sup>®</sup> 25kg Box. The values are defined as follows:

FedEx <sup>®</sup> Box (all sizes)	1kg
FedEx <sup>®</sup> Tube	4kg

A flat rate applies up to 10kg and 25kg for FedEx 10kg Box and FedEx 25kg Box respectively. Above this weight an increment for each additional kilogram is added.
