Duty and Tax: If duties and taxes are levied on a shipment and FedEx pays them on behalf of the party responsible for payment, then that party must reimburse FedEx for the duties and taxes themselves, plus a FedEx surcharge that is based upon the type of shipment and its destination. Please visit <https://www.fedex.com/en-kr/ancillary-clearance-service.html> or contact our Customer Service team for details.

Declared Value Charge for Carriage: Liability of FedEx for loss, damage or delay of your shipment is limited to the greater of about USD20.00 per kilogram or USD100.00 per shipment. The exact limitation may be expressed in Special Drawing Rights or local currency and the exact amount will vary depending upon the country/ territory of origin and currency. If you desire that FedEx assumes liability for a greater percentage of the actual cargo value, then you must declare the value for carriage on your air waybill and pay a "declared value surcharge". The "declared value surcharge" for Export and ImportOne shipments in South Korea is equal to KRW 1,420 per KRW 115,000 (or fraction thereof) by which the declared value for carriage exceeds the greater of: (i) KRW 115,000 or (ii) KRW 10,400 per pound. The following maximum declared value for carriage will apply. Please contact our Customer Service team for details.

Maximum Declared Value for Carriage (may vary by destination)

FedEx Envelope/Pak: USD 100.00 (or equivalent value in local currency)

International First (IF): USD 50,000.00 (or equivalent value in local currency)

Shipments containing items of extraordinary value such as artwork, antiques, glassware, jewelry, precious metals, furs, etc.: USD 1,000.00 or USD 20.00 per kg, whichever is greater

Weight Information

Total shipment weight is unlimited. The maximum weight per package may be adjusted. Please contact our Customer Service team or Sales team for details.

Rates are calculated on the total weight of all packages on one international air waybill. Any fraction of a kilogram is rounded up to the next higher weight break. Such rounding may cause a variance in dimensional weight (volumetric weight) calculations. Please note that the rates stated on FedEx's invoice shall be the final and official rates.

Additional charges may be assessed for shipments below a certain weight density. The dimensional weight (volumetric weight) (in kg) of an International First shipment is calculated as follows. Please contact our Customer Service team for details.

Length x Width x Height (centimeters or inches)

5,000 for centimeters or 305 for inches

A minimum billable weight of 1 kg applies to FedEx Small Box, FedEx Medium Box and FedEx Large Box; and a minimum billable weight of 4 kg applies to FedEx Tube.

Shipments in FedEx packaging may be subjected to dimensional weight pricing.

In the case of multiple-piece shipments, the invoice weight will be the sum of the higher actual weight or dimensional weight of each individual package.
