Weight Information

Total shipment weight is unlimited. The maximum weight per package may be adjusted. Please contact our Customer Service team or Sales team for details.
Rates are calculated on the total weight of all packages on one international air waybill. Any fraction of a kilogram is rounded up to the next higher weight break. Such rounding may cause a variance in dimensional weight (volumetric weight) calculations. Please note that the rates stated on FedEx's invoice shall be the final and official rates.
Additional charges may be assessed for shipments below a certain weight density. The dimensional weight (volumetric weight) (in kg) of an IPD/IDF/IED shipment is calculated as follows. Please contact our Customer Service team for details.

Length x Width x Height (centimetres or inches)

5,000 for centimetres or 305 for inches

Shipments in FedEx packaging may be subjected to dimensional weight pricing.

Footnotes

¹ This surcharge is applicable to IPD and IDF only.

² This surcharge is applicable to IDF only.

³ FedEx imposes a surcharge for shipments to areas outside those in which its own couriers pick up and deliver cargo (OPA and ODA areas).
