Surcharges[1] [2]

Your transportation costs may be affected by additional charges. The following are descriptions of the surcharges.

Service[1]	Fees[3] (EUR)
Additional Handling Surcharge **Package Services** A surcharge applies per package or piece that:	
Dimension • measures greater than 121 centimetres along its longest side; • measures greater than 76 centimetres along its second-longest side; • measures greater than 266 centimetres in length and girth - the length and girth is length plus (two times the height) plus (two times the width); • measures greater than 169,901 cubic centimetres in volume (length times width times height). Packages that qualify for AHS – Dimension will be subject to 18kg minimum billable weight. IMPORTANT: If a FedEx package is subject to an Oversize Charge or AHS – Packaging, and also meets the criteria for AHS – Dimension, the minimum billable weight of 18kg will still apply. This means that this condition is enforced even if AHS – Dimension itself is not charged.	€35/package
Packaging • is not fully encased in an outer shipping container or packaging; • is encased in an outer shipping container or packaging not made of corrugated fibreboard (cardboard) materials, including but not limited to metal, wood, canvas, leather, hard plastic, soft plastic, or expanded polystyrene foam (e.g. Styrofoam); • is encased in an outer shipping container or packaging covered in shrink wrap or stretch wrap; • is round or cylindrical, including (without limitation) mailing tubes, cans, buckets, barrels, tires, drums, or pails; • is bound with metal, plastic, or cloth banding, or has wheels (e.g. a bicycle), casters, handles, or straps, including packages where the outer surface area is loosely wrapped, or where the contents protrude outside the surface area; • could become entangled in, or cause damage to other packages or the FedEx sortation system.	€25/package
Weight[9] • has an actual weight greater than 25kg. Package shape and dimensions may change during transit, which can affect the package's dimensional weight and surcharge eligibility. If the package shape and dimensions change during transit, FedEx may make appropriate adjustments to the charges at any time. This surcharge applies per piece even if multiple pieces are bundled in a shipment. If a non-standard package is eligible for two or all three Additional Handling Surcharges (Dimension, Weight, or Packaging), only the one with highest charge will apply. FedEx reserves the right to assess Additional Handling charges for packages that require special handling or that require FedEx to apply additional packaging during transit.	€36/package
Freight Services A surcharge applies to any freight handling unit that measures greater than 157 centimetres[10] along its longest side. This surcharge applies on a per-freight-handling-unit basis even if multiple pieces of freight are bundled in a shipment. Service[1]	Fees[3] (EUR)
Additional Handling Surcharge – Non-stackable[11] A surcharge applies to any freight handling unit of a freight shipment that is non-stackable. Non-stackable means that the freight handling unit cannot be stacked vertically in a safe and secure manner. Examples include, but are not limited to, non-stackable freight handling units that: 1) do not have a flat and stable top or base, 2) may be damaged if another piece is loaded on them, or 3) have flat and stable loading surfaces but are too narrow to safely and securely support other freight handling units (e.g. 1-2 barrels or drums). A surcharge also applies to any freight handling unit identified by the shipper as non-stackable. This surcharge applies on a per-freight-handling-unit basis even if multiple pieces of freight are bundled in a shipment. For more information on preparing and palletizing freight, please see our packaging guidelines on **fedex.com**.	€200/freight handling unit
Address Correction If a recipient's address on an Air Bill, Air Waybill or shipping label is incomplete or incorrect, we may attempt to find the correct address and complete delivery and we will assess a surcharge. If we are unable to complete delivery, we are not liable for failing to meet our delivery commitment. For FedEx International Broker Select, the address correction surcharge will apply if the broker's address is incomplete or incorrect on the Air Waybill or other shipping documentation. If we cannot determine the correct address or cannot reach the broker, we may attempt to contact the sender for address clarification or instructions to return the shipment. If we are unable to complete delivery under these circumstances, we will not be liable for failing to meet our delivery commitment.	€9/shipment
Declared Value The sender may elect to pay an additional charge to specify a Declared Value for Carriage on the Air Waybill, above the standard limits of liability. FedEx does not provide a cargo all-risks insurance. The Declared Value for Carriage is limited to a maximum amount and may vary by location. The Declared Value for Carriage may not exceed: • **FedEx® Envelope or Pak:** US$100 per shipment (or equivalent value in local currency); • **Other services except freight transportation services:** US$50,000 per shipment (or equivalent value in local currency); • **FedEx International Priority Freight, FedEx International Economy Freight and FedEx Regional Economy Freight[6]:** US$100,000 per shipment to most destinations (or equivalent value in local currency); • **For certain Unique Items:** US$1,000 per shipment (see our Terms and Conditions of Carriage for full details); • **Actual value of the contents** of the shipment; • **Declared Value for Customs:** The selling price or replacement cost of the shipment contents as required for Customs clearance purposes.	Declared Value rates are incremental and depend on the amount the customer declares. A fee of €0.92 per US$100 will be assessed for each additional US$100 (or part thereof) of liability that FedEx accepts above the standard limits of liability.
Demand Surcharge During times of elevated shipping volumes, heightened demand for capacity, increased operating costs, and other strains on our network, FedEx may assess a Demand Surcharge. The applicability, duration, and amount of the Demand Surcharge is determined for each region based on regular assessments of shipping volume and available capacity within our network and other considerations. FedEx reserves the right to implement or suspend Demand Surcharges at any time, without prior notice.	Go to **fedex.com/demand-surcharges** for information on demand surcharges in effect, including applicable services, surcharge amounts, and effective dates.
Extended Area Service Shipments picked up from or delivered to remote and less accessible locations are assessed an Out-of-Pick-up-Area (OPA) or Out-of-Delivery-Area (ODA) surcharge. Please refer to the list of postal codes or areas where this surcharge applies.	Tiered pricing based on postal codes or areas: Tier A: €3.10/shipment Tier B: €0.45/kg[4] (minimum €22) Tier C: €0.59/kg[4] (minimum €28)
