Packing

Pack Your Shipments in your own packaging

You may choose to use your own packaging with reference to the following guidelines.

- Weight per package up to 68kg/150lb†
- Length per package up to 274cm†
- Length + Girth up to 330cm+ (Girth = twice the height + twice the width)
- Maximum Declared Value for Carriage Up to US$50,000*

† May vary by destination
* Conditions apply

For tips and tools on proper packing, sealing and labeling practices, please click here.

Dimensional Weight (Volumetric Weight)

For large-sized lightweight shipments, the greater of either the dimensional weight (volumetric weight) or actual weight will be charged. The dimensional weight (volumetric weight) (in kg) of a shipment is calculated as:

\[
\text{Dimensional Weight (Volumetric Weight)} = \frac{\text{Length} \times \text{Width} \times \text{Height} (\text{cm or inches})}{5,000} \quad \text{or} \quad \frac{\text{Length} \times \text{Width} \times \text{Height} (\text{inches})}{305}
\]

Dimensional-weight pricing is applicable on a per-package basis to all shipments in customer’s own packaging and FedEx Pak shipments exceeding 940 cubic inches or 15,403 cubic centimeters. Size and weight restrictions may vary depending on country and destination.

SHIPPING

Documentation required for international shipments

Prepare International Air Waybills

An international Air Waybill is required for each shipment to ensure that it is delivered quickly and safely. One International Air Waybill is required for each destination address, irrespective of how many packages the shipment contains.

You can prepare FedEx International Air Waybill with our online tools or prepare it manually. Please contact your courier or Customer Service: fedex.com/bz/contact to order a manual FedEx International Air Waybill. When completing a FedEx International Air Waybill, please type or print clearly, pressing hard with a ball-point pen and complete it in English.

For instructions on how to manually fill out your Air Waybill, please visit: fedex.com/bz/tools/airwaybill.html
SHIPPING

Documentation required for international shipments

Prepare Commercial Invoice

The commercial invoice is required by customs authorities to allow for import clearance of certain non-document shipments. Requirements vary from country to country and depend on the commodity type, value and quantity. To complete the Commercial Invoice, simply follow the examples below and you can download a blank Commercial Invoice form or complete online when creating your shipping label.

Below is a common commodity sample of a full description that lists what the item is, what the item is made of and what is the item used for on the Air Waybill & Commercial Invoice. It is important to write a consistent and clear description of the item on the Air Waybill & Commercial Invoice.

For instructions on how to complete a commercial invoice, visit: fedex.com/bz/tools/invoice.html
SHIPPING

Documentation required for international shipments

Prepare Customs Declaration Documentation

When shipping to some destinations such as U.S. and China, you may be required to complete additional documentation, which is required under destination country law. Accurate completion of the documentation will assist the customs authorities in processing your shipment more efficiently. FedEx® Global Trade Manager at fedex.com gives you access to detailed commodity and country-specific information, details of local customs regulation and a currency converter. It will even give you an estimate of your shipping duties and taxes. This tool will indicate whether or not you require a Commercial Invoice.

Click here to FedEx Global Trade Manager and enjoy benefits of using it:

- Find the proper documents required for international shipping with FedEx Express
- Complete the required documentation
- View advisory concerning your shipments
- Calculate pre-shipment duty and tax cost estimates
- Research country profiles
- Search the up-to-date international Denied Part Screening database
- Prepare, store and reuse customs documents online with the Document Preparation Center
