HOW TO CALCULATE THE CHARGES THAT APPLY TO YOUR SHIPMENT

- Choose the service you wish to use.
- Find the zone in which your destination/origin falls in the Zone Tables.
- Determine the total weight of your shipment to find the transportation rate in the appropriate column. Dimensional (DIM) weight is applicable when dimensional weight exceeds actual weight. For further information on DIM weight, please refer to Chargeable Weight section in link https://www.fedex.com/en-in/conditions-of-carriage.html#domestic
- Add the applicable surcharges, including fuel surcharge. For information on surcharges, please refer to https://www.fedex.com/en-in/about/resources.html
