

Consolidated EEO-1 Reports

The Consolidated EEO-1 Report is a compliance survey mandated by the federal government for certain employers. The Consolidated EEO-1 Report sets forth the number of U.S. based employees at the listed company, by race/ethnicity and gender, in each of 10 different governmental job classifications, which are based upon the Department of Labor's 2010 Job Classification Guide. These categories are the same regardless of industry and differ from our organizational structure. Our Environmental, Social, and Governance (ESG) Report sets forth our commitment to Diversity, Equity, and Inclusion and highlights some of the DEI initiatives occurring throughout the FedEx Enterprise.

Personal identifying information has been redacted.

SECTION F – REMARKS

Our network of facilities is constantly evolving and we consolidate facilities that are in close proximity to one another when it makes sense to do so, and move to larger/smaller facilities when we've run out of capacity or have excess capacity. We also shifted our economy line of business (the operation and personnel) into nearby Ground facilities which resulted in closing a handful of facilities and increasing the workforce others. COVID 19 propelled a significant increase in our ground package volume resulting in a 34.5% increase in our workforce overall.
