

# Solution Overview

For over 20 years, InfoShip/Vx has been an industry leading Multi-Carrier TMS solution for some of the biggest names in shipping. With the ability to process packages sub one-second and handle over 200,000 packages per day on a single server, make InfoShip/Vx your strategic warehouse advantage.

InfoShip®/Vx from Creative Logistics Solutions is multi-carrier shipping software for medium to high volume shippers. InfoShip®/Vx provides seamless integration with host ERP, WMS and accounting systems, business rule support and development, customizable labels and documents, and is fully configurable to maximize efficiency and ease of use. Built to provide sub-one second processing speeds while supporting hundreds of concurrent users, InfoShip®/Vx is enterprise level shipping software that out performs any other option.
