

Solution Overview

ChargeLogic Shipping incorporates all the key functionality needed for packing and shipping in Microsoft Dynamics 365 Business Central and Dynamics NAV, while providing accurate rate quotes and direct connections to leading carriers like FedEx.

ChargeLogic Shipping is integrated with Microsoft Dynamics NAV and Microsoft Dynamics 365 Business Central and provides accurate shipping rate quotes by connecting directly to carriers. Providing exact rate quotes at order entry helps businesses potentially save thousands of dollars in credit card processing fees because the full cost is authorized at the time of order placement. With direct carrier connections, businesses get their negotiated carrier rates within seconds. The labels are also generated directly from the carrier
