Solution Overview

Our small business application provides a fully automated packaging, shipping, and receiving solution, with an integrated full-featured POS and mailbox manager. PostalMate® is highly configurable so it can be tailored to exact individual needs. We provide on-going support and training, including live events, videos and webinars.

PostalMate® is a Windows application designed especially for retail pack and ship centers. It's a powerful yet easy to use multi-carrier shipping solution that includes an innovative packing and crating feature and fully-integrated point-of-sale that can sync with QuickBooks TM. It can also email receipts and quotes and comes with complete mailbox management capabilities. PostalMate includes everything you need to automate your retail pack and ship center, to simplify your operations, offer the highest level of customer service, and, most important of all, to maximize your profits.
