

Solution Overview

ShipWorks is the most flexible, most powerful way to import, manage, ship and track your online orders. Features include:

Import orders from anywhere:

“Plug-and-play” support for over 100+ online marketplaces, shopping carts, TMS, WMS, ERP or other order management systems.

Easily compare FedEx shipping services to get the lowest rates:

ShipWorks automatically chooses the best shipping service for every package. No thinking required.

Make international shipping easy:

ShipWorks automatically generates all the required FedEx documentation for international orders with shipping info imported from your marketplace or store. Plus, ShipWorks supports Electronic Customs Information Transmission (ETD).

Customize ShipWorks to automate any shipping task:

ShipWorks allows you to easily automate most shipping tasks including printing pick lists, shipping labels, packing slips and return shipping labels.
