

# Solution Overview

Varsity Logistics is the leader in multi-carrier shipping software for the iSeries. Varsity manages the full transportation spectrum for parcel, truckload (TL), and less-than-truckload (LTL), including all service levels within FedEx Parcel and FedEx Freight.

ShipSoft, the core of Varsity's software portfolio, automates the shipping process by providing automatic weigh/rate/label services, rate shopping, transit time, address validation, and multi-weight consolidation. ShipSoft also manages manifesting compliance for small packages, LTL, and TL for all domestic and international shipments. For seamless supply chain management, Varsity provides Cloud, Hosted and iSeries-based deployment options with built-in integration to many of the leading Enterprise Resource Planning (ERP) and order entry systems. Deployed in more than 1,000 distribution sites, Varsity helps organizations of all sizes improve shipping efficiencies, increase customer satisfaction, and reduce shipping expense.
