

FedEx Compatible Solution ShippingEasy earns the new 2020 Envision Award!

Recognition for our newest outstanding Compatible Solutions

Introducing the all-new Envision Award

The Envision Award winner can proudly display this badge on their website and other marketing materials.

Awarding our newest, high-performing Compatible providers

Beginning this year, we are pleased to announce the Envision Award. This annual award will be given to a new Compatible solution that has performed to a high standard during its first full year in the Program. The Compatible Tier Program has rewarded consistent growth and program excellence for established Compatible solution providers but has lacked a category to recognize new and upcoming companies that epitomize the qualities of an outstanding provider. The Envision Award was created to incentivize our new program entrants to excel in their support of the Compatible program and FedEx shipping services to help us deliver the best shipping experiences for our mutual customers.

ShippingEasy earns the 2020 Envision Award

E-commerce shipping software that lets you immediately access the best shipping rates and print labels in no time.

Company background

ShippingEasy is a cloud-based, online shipping platform focused on providing a comprehensive business solution for small and medium-sized eCommerce merchants. Originally founded in Sydney, Australia, ShippingEasy moved its offices to Austin, TX to be part of the surging tech scene and is where the company calls home to this day. In 2016, ShippingEasy was acquired by Stamps.com and became part of their family of products that bring a variety of diverse business technologies that solve the challenges of modern business.

ShippingEasy is known for its ease of use and its ability to integrate with leading marketplaces, shopping carts, and eCommerce platforms to

deliver a complete solution to help shippers save money.

The ShippingEasy platform provides an intuitive and user-friendly interface, discounted shipping rates, powerful automation features, and an award-winning support team to help merchants grow their business. With inventory management and email marketing add-ons, the ShippingEasy platform lets merchants truly streamline their business to save time and money.

Why did ShippingEasy win for 2020?

Within their first 12-months, ShippingEasy onboarded more customers than any other new participant in the program. They have shown tremendous support for FedEx small business customers and unwavering dedication to growing a long-term relationship with FedEx. They have successfully integrated into many of the most important new services and features for FedEx customer growth including Hold at Location and FedEx One Rate.

ShippingEasy has many customer success stories that show how effective they are for business. See how these two small businesses achieved great success using ShippingEasy:

Woom Bikes -

ShippingEasy is also known for their thought leadership in the Ecommerce industry, producing useful content like their annual The Definitive Guide to E-commerce Shipping, their engaging blog articles and hosting events like their very own hackathon.

ShippingEasy truly is a great role model for any new provider coming into the program, and we expect great things to come from this remarkable solution. Congratulations to ShippingEasy, our very first Envision Award recipient!
