

Solution Overview

ShipCaddie is a configurable transportation management solution that is known for its powerful and fail-over architecture, all backed by its quick uptimes and speeds. ShipCaddie's services directly integrate with dozens of marketplaces, e-commerce platforms, WMS, OMS, accounting, and custom order solutions. ShipCaddie users have access to customer service and fulfillment centers where they can get logistics insights from the Caddie Care team. Without limits on contacts, warehouses, or users, clients have flexibility to scale their business; and with a transaction-based pricing model, clients only pay for what they need.

Additionally, ShipCaddie connects to local and network printers, scales, and bar code scanners. Users can customize confirmations, packing slips, profiles, and rules to help increase shipping efficiencies.
