

**FedEx**Office®  
Commercial Press

**How the future  
gets printed.**

# From short run to high-volume, you can count on FedEx Office<sup>®</sup> Commercial Press

## Make lasting impressions with your print communications.

From the beginning of the project all the way through distribution, FedEx Office Commercial Press has the breadth and depth of expertise to deliver exactly what you need — when you need it. And because FedEx Office is a member of the FedEx family, you have access to a worldwide distribution network that gets your projects delivered on time. We can show you how custom print solutions address your individual needs and budget.

## Access top-of-the-line equipment and invaluable experience.

With 40+ years of experience and access to the latest technologies, FedEx Office Commercial Press is your go-to for printing needs. Our wide range of printing solutions is powered by the latest equipment — and we continue to invest in the best technologies available. We also know there's no substitute for real-world printing experience, attention to detail and personal customer service to give you the results you need.

## On time. On budget.

From sales and estimating to production and shipping, FedEx Office Commercial Press offers solutions to streamline your print process. We offer our customers customized printing with greater efficiencies, and that helps your projects stay on time and on budget.

## Certifications that make a difference for your business.

Of course, delivering quality printing drives everything we do, but you don't have to take our word for it. Our certifications guarantee the highest standards, and include:

- G7 Master Certification: The industry's premier designation for color management so you maintain your brand image
- International Organization for Standardization: We've been certified to the ISO 9001 standards since 1997
- Forest Stewardship Council®: We are a FSC® Chain of Custody certified printer

## State-of-the-art equipment.

We are committed to using the latest equipment to ensure that your jobs are produced in the most efficient way to get your message to your customers fast. Let us show you how our rapid print processes offer a flexible response to your specific requirements while still delivering reliably high quality.
