

# Service Impact of COVID-19

April 30, 2021, 10:00 AM CT

## FedEx® is an essential business

Due to the crucial role we play in moving supply chains and delivering critical relief, FedEx is considered an essential business. We will continue to operate under state-of-emergency and shelter-in-place orders recently issued in the U.S.

These restrictions are disrupting the global supply chain. Air cargo capacity is limited, and we've had to make adjustments so that our international networks can best deliver much-needed goods and services in this constrained environment.

To continue providing the best possible service during this time, we are implementing a temporary surcharge on all FedEx Express and TNT international parcel and freight shipments beginning April 6, 2020. [See Surcharge Details.](#)

## Suspension of money-back guarantee

To re-affirm our commitment to deliver the level of service you expect from FedEx, effective April 6, 2021, money-back guarantee will be reinstated for select FedEx Express services for US domestic and US import/export shipments (US payors only). Services include:

- FedEx First Overnight®
- FedEx Priority Overnight®
- FedEx Standard Overnight®
- FedEx International First®
- FedEx International Priority®
- FedEx International Priority® Freight

In order to balance our focus on service and safety, the FedEx money-back guarantee for all other FedEx Express®, FedEx Ground®, FedEx Freight® and FedEx Office® services will remain suspended until further notice. The status of money-back guarantee for these FedEx services and additional FedEx services worldwide is being evaluated on an ongoing basis, and our focus remains on continuing to provide the best possible service to our customers during this period of uncertainty.

## Signature suspension notification

To promote the Centers for Disease Control's guidance on social distancing and do our part to help prevent the spread of COVID-19 across our communities, effective immediately we have temporarily implemented no-contact pickups and deliveries, including temporarily suspending most signature requirements for FedEx Express and FedEx Ground commercial and residential deliveries in the U.S. and Canada. The signature suspension also includes FedEx Freight in the U.S. and those normally required as part of our same-day service, as well as in our FedEx Office retail stores and FedEx OnSite locations at various retailers. In most cases,

after making contact with the recipient, the team member will collect the recipient's first initial and last name and enter "C-19" in place of the signature image. If an adult signature was requested by the shipper, the driver will collect the recipient's first initial and last name, and then attempt to collect a signature by the recipient using an acceptable stylus or writing instrument, depending on the driver's device; if the recipient refuses to sign or doesn't have access to an acceptable stylus or writing instrument for the driver's device, the driver will enter "C-19" in place of the signature image.

The safety and well-being of our 475,000 team members is our top priority as they continue to deliver critical goods and services to support communities across the globe. Please [visit this site](#) for more information on the FedEx response to COVID-19.
