

Service Impact of COVID-19

July 6, 2020, 10:00 AM CT

FedEx® is an essential business

Due to the crucial role we play in moving supply chains and delivering critical relief, FedEx is considered an essential business. We will continue to operate under state-of-emergency and shelter-in-place orders recently issued in the U.S.

These restrictions are disrupting the global supply chain. Air cargo capacity is limited, and we've had to make adjustments so that our international networks can best deliver much-needed goods and services in this constrained environment.

To continue providing the best possible service during this time, we are implementing a temporary surcharge on all FedEx Express and TNT international parcel and freight shipments beginning April 6th. [See Surcharge Details.](#)

FedEx Ground service delays in Michigan due to high volume

Due to a significant surge in volume as a result of COVID-19, FedEx Ground is currently experiencing significant delays in the following zip codes. We are committed to providing service to the best of our ability and offer our sincerest apologies for any inconvenience caused by these delays. For specific shipment status information, please track your shipment at [FedEx.com](https://www.fedex.com).

Global suspension of money-back guarantee

The impact of COVID-19 is causing local, state, and national governments around the world to issue work and travel restrictions on a daily basis, which is impacting our ability to meet our high standards of service. As a result, we have made the decision to suspend our money-back guarantee for all FedEx Express®, FedEx Ground®, FedEx Freight®, and FedEx Office services effective immediately until further notice. Because FedEx is an essential transportation service provider, we will continue operating as government restrictions and regulations allow.

Signature suspension notification

To help promote the safety of our employees and customers, FedEx signature guidelines are being temporarily adjusted for all shipments within the United States, with the exception of adult signature required (ASR) shipments. In efforts to minimize physical interactions, customers may be asked to verify recipient name in lieu of a physical signature. FedEx is still collecting recipient information; therefore, surcharges for these services will continue to be assessed. For shipments with the adult signature service option selected, couriers will still request a physical signature and require a government-issued photo ID.

The safety and well-being of our 475,000 team members is our top priority as they continue to deliver critical goods and services to support communities across the globe. Please [visit this site](#) for more information on the FedEx response to COVID-19.
