

Service Impact of COVID-19

September 21, 2020, 10:00 AM CT

FedEx® is an essential business

Due to the crucial role we play in moving supply chains and delivering critical relief, FedEx is considered an essential business. We will continue to operate under state-of-emergency and shelter-in-place orders recently issued in the U.S.

These restrictions are disrupting the global supply chain. Air cargo capacity is limited, and we've had to make adjustments so that our international networks can best deliver much-needed goods and services in this constrained environment.

To continue providing the best possible service during this time, we are implementing a temporary surcharge on all FedEx Express and TNT international parcel and freight shipments beginning April 6th. [See Surcharge Details](#).

FedEx Ground service delays in various parts of the U.S.

Due to a significant surge in volume and other impacts of COVID-19, FedEx Ground is currently experiencing delays in various parts of the U.S. We are committed to providing service to the best of our ability and offer our sincerest apologies for any inconvenience caused by these delays. For specific shipment status information, please track your shipment at [FedEx.com](https://www.fedex.com).

Global suspension of money-back guarantee

The impact of COVID-19 is causing local, state, and national governments around the world to issue work and travel restrictions on a daily basis, which is impacting our ability to meet our high standards of service. As a result, we have made the decision to suspend our money-back guarantee for all FedEx Express®, FedEx Ground®, FedEx Freight®, and FedEx Office services effective immediately until further notice. Because FedEx is an essential transportation service provider, we will continue operating as government restrictions and regulations allow.

Signature suspension notification

To promote the Centers for Disease Control's guidance on social distancing and do our part to help prevent the spread of COVID-19 across our communities, effective immediately we have temporarily implemented no-contact pickups and deliveries, including temporarily suspending most signature requirements for FedEx Express and FedEx Ground commercial and residential deliveries in the U.S. and Canada. The signature suspension also includes FedEx Freight in the U.S. and those normally required as part of our same-day service, as well as in our FedEx Office retail stores and FedEx OnSite locations at various retailers. In most cases, after making contact with the recipient, the team member will collect the recipient's first initial and last name and enter "C-19" in place of the signature image. If an adult signature was requested by the shipper, the team member will collect the recipient's first initial and last name, and then attempt to collect a signature with the recipient's own writing instrument; if the recipient refuses to sign, the team member will enter "C-19" in place of the signature image.

The safety and well-being of our 475,000 team members is our top priority as they continue to deliver critical goods and services to support communities across the globe. Please [visit this site](#) for more information on the FedEx response to COVID-19.
