

Dangerous goods are everywhere.

Perfume, aerosol and laptop computers containing lithium batteries are all considered dangerous goods during transport. These everyday items can be harmful to people, property and the environment. Protect your shipment by identifying and ensuring your dangerous goods are properly packaged and prepared.

1. Identify your shipment

Refer to the International Air Transport Association (IATA) and International Civil Aviation Organization (ICAO) for the correct identification, classification (including UN or ID number), Proper Shipping Name, hazard class and, if applicable, subsidiary hazard and Packing Group.

3. Protect yourself

Shippers who do not prepare their packages according to IATA and ICAO regulations can be fined by federal and civil authorities and may even face criminal prosecution and imprisonment. The government requires people to be trained and certified to handle and prepare dangerous shipments. FedEx conducts training seminars throughout the year. To view schedules and register for a seminar, go to [fedex/registration.meetingevolution.net](https://fedex-registration.meetingevolution.net)

2. Package your shipments correctly

Some dangerous goods have specific packaging, labeling and marking requirements, and may require a completed **Shipper's Declaration for Dangerous Goods** form. For information on the proper shipment preparation for IATA and ICAO shipments of non-radioactive items, go to images.fedex.com/us/services/pdf/DG_Job_Aid.pdf

4. Ask us for help

The FedEx Dangerous Goods/Hazardous Materials Hotline is prepared to answer your questions on the proper preparation of dangerous goods for shipment in the FedEx Express® network. Call **1.800.GoFedEx 1.800.463.3339** and press 81 or say “dangerous goods” to speak to a dangerous goods shipping specialist. In non-US locations, contact FedEx Customer Service and ask to speak with a dangerous goods specialist.

Common dangerous goods

- Aerosols
- Ammunition
- Batteries (lithium & wet)
- Camping stoves
- Chemicals
- Drain cleaners
- Fireworks
- Lighters
- Matches
