

See What's New in FedEx Web Services 2020

Experience the Difference

The FedEx Web Services 2020 expands to global markets and increases its operational efficiency by offering its customers fast, reliable, and more efficient delivery experiences.

- Communication in many languages
- Enhanced International Shipping and Clearance process.
- Uninterrupted deliveries throughout the week.

Here Are the Highlights

Get **flexible residential delivery** with FedEx Home Delivery[®]. Now available to all U.S. locations, Monday to Friday and most on Saturday and Sunday.

Gain added benefit with **expanded weight limit** for FedEx Home Delivery[®] packages. Now ship packages up to **150 lbs.**

Accurate deliveries are now guaranteed with FedEx Ground[®] and FedEx Home Delivery[®]. These services return the **estimated delivery date as a calendar date**, that provides you the accuracy in **delivery time**.

Enjoy **late pickup** and **faster delivery** options with **FedEx Extra Hours[™] service**¹. With this service, the ordering window for customers can be extended without hampering local next-day delivery. FedEx Extra Hours[™] service is available in 114 major U.S. metro areas.

FedEx Express assures a cost-effective service, **guaranteed End-of-Day delivery** commitment with FedEx International Connect Plus[™].

*Service subject to specific terms and conditions. Extension to order cutoff times dependent on merchant's current order-fulfillment process times. Service commitment times follow standard FedEx Express[®], FedEx First Overnight[™] Extra Hours, FedEx Priority Overnight[™] Extra Hours, and FedEx Standard Overnight[™] Extra Hours delivery. Package must be scanned prior by 2:59 a.m. to qualify for next-day delivery.

Additional recipient address line improves accuracy of your delivery location for a **quick and precise doorstep delivery** of shipments

Implementation of Prohibits enhances Shipment, customs clearance process and helps avoid shipment caging. You can validate **vague commodities**, determine type of a shipment allowed (**Document or Non-Document**), flexibility for accommodating new policies and determine mandatory as well as optional **International Documents** to satisfy regulatory requirements.
