## **Purpose**

This help guide is provided as a supplement to assist those locations equipped with FedEx Ship Manager® in performing the appropriate functions to process dangerous goods and hazardous materials shipments for transport.

## Overview

### ***FedEx Express***

You can ship domestic and international dangerous goods from Canada and the U.S. In the U.S., you can also ship domestic and U.S. territories (e.g., Puerto Rico) commodities.

When you ship dangerous goods via FedEx Express using FedEx Ship Manager Software:

- Checks that the information complies with International Air Transport Association(IATA) Dangerous Goods regulations.
- With built-in IATA tables, the Dangerous Goods database saves you time and provides accurate information.
- Prints the Shipper's Declaration for Dangerous Goods.

Requirements and other important steps for shipping dangerous goods are as follows:

1. Create a FedEx Express® shipment.
2. Create a shipping profile.
3. Set up printer.
4. Create a dangerous goods database.

### ***FedEx Ground***

FedEx Ship Manager® Software helps you provide the proper paperwork and information required for FedEx Ground® hazardous materials shipments. Requirements and other important steps for shipping hazardous materials are as follows:

1. Create a FedEx Ground shipment.
2. Create a shipping profile.
3. Set up a printer.
4. Create a shipment for FedEx Ground.
5. Create a hazardous materials database.
6. Print OP950 Hazardous Materials Certification.

## Create a FedEx Express Shipment

The screenshot shows the FedEx Ship Manager software interface. The top menu bar includes File, Databases, Customize, Utilities, Integration, Inbound, fedex.com, and Help. The main window is titled 'FedEx Ship Manager | v.2904 | 0499362'. The 'Ship' tab is selected, and the 'Ship/Alert' button is highlighted. The form is divided into several sections:

- Recipient information:** Includes fields for Recipient ID (TEST2), Country (US - United States), Contact name (John Doe), Company name (ABC Company), Address 1 (3875 Airways Blvd), Address 2, Postal code (38116), State/Province (TN), City (Memphis), Telephone (901) 111-1111, and Ext. A checkbox 'This is a residential address' is checked. A button 'Save in/Update my address book' is present.
- Package and shipment details:** Includes fields for Number of packages (1), Weight (1), Service type (1 - FedEx Priority Overnight), Package type (1 - Your Packaging), Package dimensions (Select an item...), Ship date (12/09/2015), and Declared value (\$).
- Billing details:** Includes fields for Bill transportation to (1 - Sender), Acct. # (113732229), Department notes, Customer reference, and P.O. number.
- Additional references:** Includes fields for Invoice number, Shipment ID, Package contents 1, and Package contents 2.
- Special Services:** Includes checkboxes for COD, Dangerous Goods, Dry Ice Only, Hold at Location, Non-Standard Packaging, and Pharmacy Delivery. A button 'View/Edit Special Service Data' is present.

The bottom status bar shows 'Clear fields | Delete/Modify shipment | Repeat shipment | Override prefs | Rate Quote and Transit Times | \$26.11 | Multiple-piece shipment | Ship'.

To ship dangerous goods using FedEx Express:

1. Select the "Ship" tab.
2. On the "Shipment details" tab complete the "Recipient Information" fields.  
Note: Assign an ID number or name to your recipients to save them in the database.
3. Ensure a check is in the "Save in/Update my address book" box.
4. Complete the "Package and shipment details" section (Select from the dropdown menu).
5. Complete the "Billing details" section.
6. In Special Services box, check "Dangerous Goods."

## Create a Shipping Profile

The screenshot shows the FedEx Ship Manager software interface. The 'Ship' button in the top menu bar is highlighted with a red circle and the number '1'. The interface is divided into several sections:

- Recipient information:** Includes fields for Recipient ID (TEST2), Country (US - United States), Contact name (John Doe), Company name (ABC Company), Address 1 (3675 Airways Blvd), Address 2, Postal code (38116), State/Province (TN), City (Memphis), Telephone (901) 111-1111, and Ext. There are checkboxes for 'Ship to group', 'Include a Return Label', and 'Hold'. A 'View/Edit' button is at the bottom.
- Package and shipment details:** Includes fields for Number of packages (1), Weight (1 lb), Service type (1 - FedEx Priority Overnight), Package type (1 - Your Packaging), Package dimensions (Select an item...), Ship date (12/09/2015), and Declared value (\$ USD). There is a checkbox for 'Identical packages'.
- Shortcuts:** A list of special services including COD, Dangerous Goods, Dry Ice Only, Hold at Location, Non-Standard Packaging, and Pharmacy Delivery. A 'View/Edit Special Service Data' button is at the bottom.
- Billing details:** Includes fields for Bill transportation to (Sender), Acct. # (113732229), Department notes, Customer reference, and P.O. number. There is an 'Add handling' button.
- Additional references:** Includes fields for Invoice number, Shipment ID, Package contents 1, and Package contents 2.
- Sender information:** Includes fields for Change sender (SENDER0499362 - Denise Schenkel), Current sender (FedEx, 20 Fed Ex Pkwy, Collville, TN 38017), and Change return address (Current sender). There is a 'View/Edit' button.

The bottom status bar shows '\$26.11 | Multiple-piece shipment | Ship'.

To set up a profile where information will be stored for future shipments, do the following:

1. Select "Shipping Profiles" from the Customize drop-down menu.
2. The "Shipping Profiles" window displays. Highlight Default Domestic Shipping Profile and click "View/Edit".

The screenshot shows the 'Shipping Profiles' window. It has a table with two columns: 'Code' and 'Description'. The table contains three rows:

Code	Description
DEFAULT	Default Domestic Shipping Profile
DEFAULT	Default International Shipping Profile
PASSPORT	Default Passport Shipping Profile

A red circle with the number '2' highlights the 'View/Edit' button at the bottom right of the window. Other buttons at the bottom include 'OK', 'Add', 'Add by duplication', and 'Delete'.

## Create a Shipping Profile (continued)

## Printer Setup

The screenshot shows the FedEx Ship Manager software interface. The title bar indicates the version is v.2468 and the shipment ID is 780209. The menu bar includes File, Databases, Customize, Utilities, Integration, Inbound, fedex.com, and Help. The 'Ship' menu is highlighted, and a circled '1' is next to it. The 'Package and shipment details' section is visible, showing fields for Number of packages, Weight, Service type, Package type, Package dimensions, Ship date, and Declared/Carriage Value. The 'Ship date' is set to 10/27/2010. The 'Declared/Carriage Value' is \$0.00. The 'Waybill' checkbox is checked.

To setup a printer for shipments, do the following:

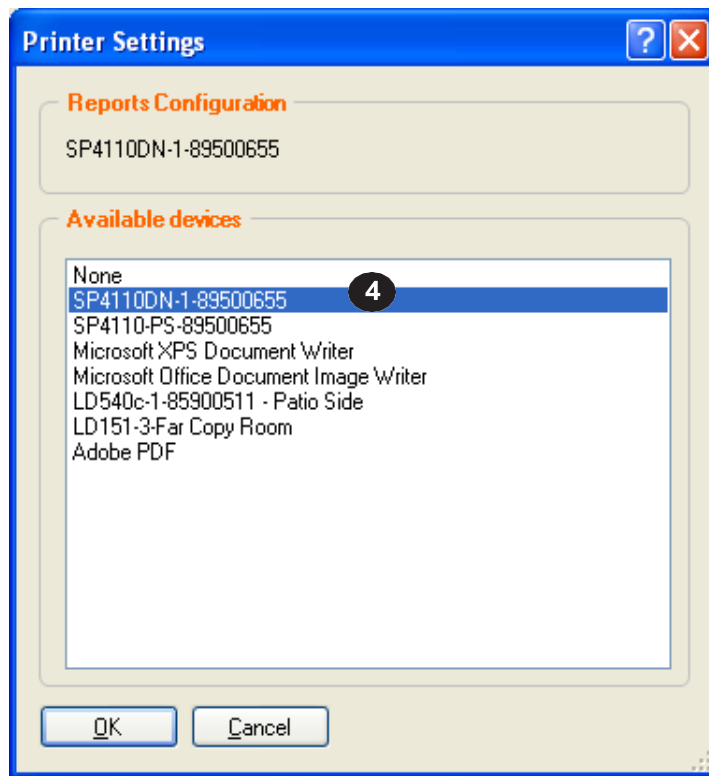

1. Select "Forms" from the Customize drop-down menu.
2. The Forms Settings window will display. Highlight the Report or Label type you wish to setup.
3. Click "Change".

The screenshot shows the 'Form Settings' window. The 'Form settings' section contains a table with the following data:

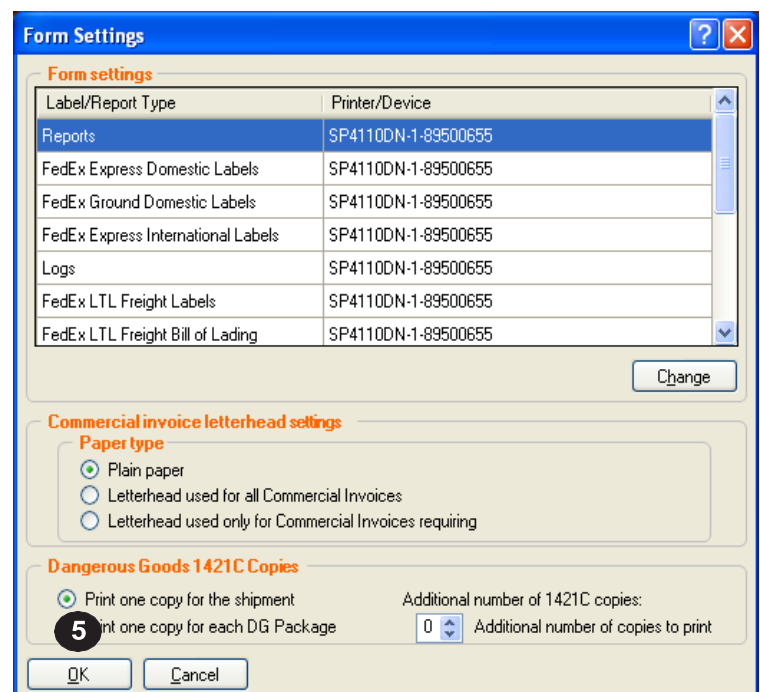

Label/Report Type	Printer/Device
Reports	SP4110DN-1-89500655
FedEx Express Domestic Labels	SP4110DN-1-89500655
FedEx Ground Domestic Labels	SP4110DN-1-89500655
FedEx Express International Labels	SP4110DN-1-89500655
Logs	SP4110DN-1-89500655
FedEx LTL Freight Labels	SP4110DN-1-89500655
FedEx LTL Freight Bill of Lading	SP4110DN-1-89500655

A circled '2' is next to the 'Reports' row, and a circled '3' is next to the 'FedEx LTL Freight Bill of Lading' row. The 'Change' button is highlighted. Below the table, the 'Commercial invoice letterhead settings' section shows 'Paper type' with 'Plain paper' selected. The 'Dangerous Goods 1421C Copies' section shows 'Print one copy for the shipment' selected, with an additional number of 0 copies to print.

## Printer Setup (continued)

4. Choose the printer where you would like your reports/labels to print and click "OK".
5. Repeat step(s) to specify printer for each form and click "OK".

## Create a Dangerous Goods Database

The screenshot shows the FedEx Ship Manager software interface. The title bar indicates 'FedEx 1 Manager | v.2468 | 780209'. The menu bar includes 'File', 'Databases', 'Customize', 'Utilities', 'Integration', 'Inbound', 'fedex.com', and 'Help'. The 'Ship' tab is selected, and the 'Shipping list' dropdown is open. The 'Recipient information' section is highlighted, and a red circle with the number '2' points to the 'Ship to group' checkbox. The 'Package and shipment details' section is also visible, showing fields for 'Number of packages', 'Weight', 'Service type', 'Package type', 'Package dimensions', 'Ship date', and 'Declared/Carriage Value'. The 'Sender information' section shows the current sender as 'MG Designs' and the return address as 'Current sender'. The 'Billing details' section shows the bill transportation to 'Select an item...' and the account number 'Acct #'. The status bar at the bottom indicates 'Comm Idle' and the date 'Wednesday, October 27, 2010 8:30 AM'.

1. Select "Dangerous Goods" from the Databases drop-down menu to add dangerous goods commodities to the database.
2. The View Dangerous goods box will display. There are two choices to add dangerous goods to the database:
  - Select dangerous goods from the drop-down list of previously saved shipments or
  - Complete the "Recipient Information" section.

### Most Common FedEx Ship Manager Errors

#### Dangerous Goods Entry Screen

The following fields on the Dangerous Goods Entry screen may not be require completion for all shipments. Please refer to the descriptions below for clarity.

- **TECHNICAL NAME FIELD:** This space is only used for those entries with an \* (asterisk) symbol after the proper shipping name in IATA. If there is no \* then this field will be left blank. **DO NOT DUPLICATE THE PROPER SHIPPING NAME IN THIS FIELD.** IATA 4.1.2.1(d)
- **TYPE OF PACKAGING FIELD:** This space is used for the type of packaging **ONLY. DO NOT PUT THE NUMBER OF PACKAGES IN THIS FIELD.** For example: fiberboard box, steel drum, fiber drum etc.

#### Common Errors

The following are common errors. Please adhere to regulations pertaining to your shipment and verify the following if it applies:

- **ALTERATIONS/AMENDMENTS:** Any alteration or amendment made to the Shipper's Declaration must be signed by the shipper with the same signature used to sign the document. IATA 8.1.2.6.1.
- **SHIPPER'S DECLARATION COMPLETION:** Before tendering the completed Shipper's Declaration for Dangerous Goods to FedEx, the shipper should thoroughly check to make sure all items are completed correctly. Foreexample: Make sure that the letters UN are preceding the UN number and verify the signature of shipper is the same name as Name/Title of Signatory etc.
- **ALL PACKED IN ONE/OVERPACK SHIPMENTS:** Do not select "All packed in One" or "Overpack" unless they apply to your shipment. The Responsible person name and telephone number is required for Infectious Substance shipments only.
- **DANGEROUS GOODS ID FIELD:** Dangerous Goods ID field is not a required field. This field is optional and is designed to access frequently shipped Dangerous Goods that you have saved under a Dangerous Goods ID code in your Database. If you do not wish to use this function then go directly to the UN/ ID # field to enter your four digit UN number.
